

NORTHERN SAN MATEO COUNTY'S LEADING NEWSPAPER THE RECORD

FIRE BURNS OUT BASEMENT AREA, DAMAGE \$1500

Fire gutted a basement and smoke-damaged the upstairs living quarters at 612 Bellevue Friday afternoon at about 2:30 p.m.

The home is occupied by Mrs. E. M. Simons and is owned by Mrs. Louise Zehr of 959 Dennis drive, Palo Alto.

The fire broke out after Mrs. Simons' son, M. Simons, 32, had cleaned out a trash burner, then had apparently placed some of the unextinguished ashes in a box down in the basement, thinking they were out.

Most of the stored contents in the basement—mainly old furniture and appliances—were either burned or damaged by smoke and water. Damage was estimated by Fire Chief Elmer

(Continued on Page 2)

Lincoln Park Clubhouse Is In Next Budget

Provision for a clubhouse in Lincoln Park will be made during the formation of the 1961-62 budget, PTA representatives were told Monday night at the City Council meeting.

A group of women from the Crocker, Pershing and George Washington PTA groups, headed by Mrs. Jack White, were present to inquire about the status of the club house proposed for the park some time ago.

The Park and Recreation Commission as recently as February 21, 1961, had recommended that the new club house be included in the next budget.

It was noted at that time in a letter from the commission to the council that "one of the selling points of the bond campaign in 1948 was the promise of the War Memorial Community Center and a club house at Lincoln Park."

Mrs. White was told that she would be notified at the time when the council begins its study of the next budget with regard for recreation facilities.

Mayor Frank Pacelli requested that City Manager Ed Frank contact Mrs. White and her group personally at that time.

Vista Grande Aud Windows Smashed

The auditorium at Vista Grande School suffered malicious damage Saturday, according to a report from the Daly City Police Department.

Mrs. Hazel A. Cowell called the department to say that eight windows in the building had been broken during the night.

HS Board Awards \$150,000 Contracts

Trustees of the Jefferson High School District Monday night awarded 13 contracts amounting to \$150,000 to some 47 companies for furniture and equipment for Terra Nova and Oceana High Schools.

The contracts are for classroom and office furniture, typewriters, library furniture, sewing machines, files, musical instruments, drafting materials, radio equipment, power lawn mowers, and refrigerators.

Bids were submitted from all over the United States. At the next meeting, the board will award bids on scientific equipment, office machines, charts, globes, audio-visual equipment, auto shop equipment, machine tools, and arts and crafts equipment.

Dist. Supt. Edward Morgan informed the board that he had received a letter from the Division of Highways requesting the district to install an \$8,000 dissipator on the face of an outfall line of a storm sewer which leads from the Oceana High School property onto the highway division's property. The dissipator would let the drainage water flow out at a more even rate onto the highway's property. The property in ques-

tion is west of the Oceana site. The board took the matter under study.

Morgan told the board he had forwarded several letters to Falk and Booth asking them to check the validity of recommendations by C. H. Reichel Co. of San Francisco, a boiler concern, about whether the school's steam boilers should not be included in their contract.

The board was presented with the 1961-62 budget summary, which it took under study. It set August 7 for a public hearing on the budget.

The board adopted three policies relating to safety procedures and created a safety committee for each school composed of the principal, school nurse, a representative from the physical education department and industrial arts department, and building and grounds supervisor.

In other action the board: Appointed Charles Ethel of Westlake and Leonard Bullis of San Francisco as auditors for 1961-62.

Awarded 15 teachers from the three high schools with tenure, and renewed contracts of all teachers in the district, with the exception of those resigning.

MAPS APPROVED AFTER HASSLE OVER SEWAGE RESPONSIBILITY

Approval of a tentative map for Westlake Unit 1-A and the final map of Westlake Unit 11-B was granted by the City Council Monday night after

considerable dispute over sewage responsibility initiated by Councilman Robert St. Clair.

St. Clair raised the dispute he said, in behalf of the North County Sanitation District of which he is chairman. Both subdivisions fall within the district's jurisdiction.

He first asked if approval of a tentative map committed either the district or the city to an automatic provision of sewage facilities.

City Attorney Paul Hupf explained that the tentative map only presented the builder's program and that no construction could begin until the final map had been approved.

St. Clair then cited the example of the now completed (Continued on Page 2)

request denied despite 2 to 1 vote in favor

In the face of approximately 25 in-person protests and a petition of objection signed by 35 additional citizens, the Planning Commission Tuesday night indirectly denied a request for rezoning filed by Frank Garibaldi, P. O. Box 368, Colma.

Garibaldi is seeking to rezone residential property in the First Avenue-Market Street area for commercial use.

He has said that he plans to build either a bowling alley or a shopping center but has never specified which, according to City Engineer William Chapman.

The residents of the area object to Garibaldi's intent, feeling that the area is strictly residential and should remain that way.

The vote of the commission was 2 to 1 in favor of granting the rezoning. However, because in rezoning issues a majority vote of the entire commission (five members) is required, the vote was in effect a denial, according to City Attorney Paul Hupf.

Watts Selected
Terra Nova Dean

Robert Watts, 28, physical education teacher at Jefferson High School, Monday night was appointed by trustees of Jefferson Union High School District to be dean of boys at Terra Nova High School beginning in September.

Watts is Jefferson's head track coach, and is now in his fifth year with the school. Last year, and again this year, he will be principal of the summer session at Westmoor High School.

He is a graduate of San Francisco State College where he received his B.A. and M.A. degrees. He holds a general secondary credential and an administrative credential.

He lives with his wife and two children at 1581 Claremont Dr., San Bruno.

Collins Succumbs
To Heart Attack

Willie Collins, 43, of 213 Knowles avenue, was the victim of an acute coronary attack Saturday at his home. He was pronounced dead on arrival at the Junipero Serra Hospital after unsuccessful emergency treatment by the Fire Department and an ambulance service.

CITIZEN RAKES COUNCIL OVER KNOWLES 'FILTH'

DC Fire Protection Survey Is Launched

A team of engineers from the National Board of Fire Underwriters has arrived in the city to make a fire protection survey. City Manager Edward Frank announced this week.

The National Board engineers are R. L. Eby, W. G. Wells, M. J. Myrick, F. L. Beckman and W. H. Carrier.

Conferring with the City Manager, they said that the survey would take approximately one and one-half weeks to complete, after which they will return to their headquarters.

After making an engineering analysis of the data collected the National Board engineers will prepare a supplementary report, covering all significant changes that have taken place in the last three years.

The report will be made available within a few months to the city officials at no cost, and will be of value to the city when planning for the future.

Frank pointed out that the National Board of Fire Underwriters does not set fire insurance rates, this work being done by the Pacific Fire Rating

Bureau.

The National Board engineers will analyze the water supply from source to hydrant to determine its adequacy and reliability. Actual tests will be made in various parts of the city to ascertain if sufficient quantities of water are available in case of serious fires.

The National Board engineers will study the fire department, including its organization, companies, manning, operations and training, and will also check the fire alarm system and its maintenance and operation. The engineers also will evaluate all regulations concerning building construction, fire prevention and electrical installations, and make inspections in representative occupancies to determine local conditions.

Using the information obtained, the conflagration hazard potential will be determined.

The National Board of Fire Underwriters, organized in 1866, is a nationwide educational, engineering, fact finding and service organization.

The Daly City Garden Club had nothing but commendation Monday night for the City Council's planting of palm trees along Mission street, but when it came to the Knowles avenue area, a certain citizen present came pretty close to blowing her top.

Susie Sanders of 351 San Diego avenue was on hand during oral communications to blast the council over what she described as the "filthy condition of Knowles avenue and a lot of other parts of the city too."

She urged the Mayor and councilmen, following the meeting, to drive down Knowles, paying special attention to trash and garbage conditions at two addresses on that street.

"You look at these two places on your way home tonight, gentlemen," she said "and you'll see what I mean. Trash and garbage piled up by the front porch and strewn all over the ground. In fact, you can look at any number of homes along there and you can find this

condition. The people will tell you that kids remove the can tops or the wind blows them off but if this is so, the people don't do a thing to correct the mess after it happens."

She also cited use of paper bags and cartons for trash and garbage. (Metal containers with secure tops are required by the city for waste disposal.)

"When it rains these bags and cartons fall apart and make a terrible mess," she went on. She also complained of "the bad fly condition" created by the litter.

She further criticized persons with garages who persist in leaving their cars parked on the street at all times.

"These people have garages and they're just too lazy to use them. And besides, with cars parked all along the street, the street sweeper can't possibly do his job."

She also objected to a clogged storm sewer at Santa Barbara and Knowles "which forms

(Continued on Page 2)

Work On Schools Well On Schedule

Construction of Terra Nova and Oceana High Schools is progressing well on schedule, contractors told trustees of the Jefferson Union High School District Monday night.

Hans Larsen of Ralph Larsen and Son Construction Company, South San Francisco, told the board that Terra Nova High School was 51 percent completed, and no complications were expected.

The district anticipates the school to be ready for use by the fall of this year.

W. B. Dickman of Dickman Construction Co. of Mountain View, informed the board that construction of Oceana was progressing on schedule. This school is expected to open in the fall of 1962.

In other business the board:

Accepted a letter from Sylvan C. Frank, president of the Lake Merced Golf and Country Club, granting to the golf teams of Jefferson and Westmoor High Schools permission to use his facility as a "home course."

Heard a letter from Alberta Carlen, dean of girls, in which she expressed her appreciation to the board for letting her attend the recent convention of the California Personnel and Guidance Assn.

Was read a letter from Meyer E. Bloom of Daly City, that he is withdrawing his candidacy for the high school board as his company is sending him to France shortly.

Heard a letter from the State

Department of Education regarding clarification as to whether the district desires to hire a full-time teacher or a fully-qualified guidance person to handle ninth and twelfth grade guidance groups. This point, the letter stated, must be made clear before the district can receive its requested NDEA loan.

Accepted a revised class schedule from Dist. Supt. Edward Morgan which went into effect March 1.

Was read a letter from Vice President Roland T. Duncan of the Bank of America acknowledging that Morgan has agreed to serve as co-chairman of the Achievement Awards Zone Contest to be held in Redwood City on April 18.

Established a position of snack bar manager at Jefferson and Terra Nova High Schools. A snack bar will be in operation since neither school will have use of a cafeteria.

Made an adjustment in the salary schedule for the summer school director, raising him from \$750 a month to \$825.

Accepted the resignations from the following teachers: Mrs. Lavon Shea Capitolo, Mrs. Elizabeth Carlson, Mrs. Sylvia Smith, Sam Peacock, and Betty Anne Rosenberry.

Accepted a proposed agreement with the City of Pacifica regarding the use and exchange of cultural and recreational facilities.

Sandra Calavano Is Zone Victor In Lions Club Speakers Contest

Sandra Calavano, Jefferson High School senior, again took first place oratory honors Friday night, this time in the zone contest of the Lions Club Student Speaker Contest held in the chambers of Judge Charles Becker in South San Francisco.

Sandra recently won the area contest sponsored by the Daly City-Lions Club, making her eligible for zone competition.

She is the daughter of Mr. and Mrs. Sam Calavano of 370 Santa Barbara avenue.

The 17-year-old honor student—a life member of the California Scholarship Federation—was coached by Rudy Tretten

of Jefferson High School. She leads an active school life in addition to her class work and among her school experiences are the following:

Member of the French Club, Freshman Class President, pom pom girl, recipient of good citizenship award from Daughters of American Revolution, majority leader in model Senate, and participant in the UN Conference at University of California three times.

Miss Calavano also enjoys reading and ballet. She hopes to attend Radcliffe, Vassar or Smith College after she graduates.

PREFERENCE FOR 'ROUTE B' IS CLAIMED BY PACIFICA MAYOR

A personal statement favoring proposed "Route B" in the lateral freeway interchange and a claim that much of the information being circulated in the issue is "erroneous" was made this week in writing by Mayor Feige of Pacifica.

The Pacifica City Council this week also unanimously upheld its previous preference for "Route B" after hearing a fervent appeal to the contrary from representatives of the McKee Development Co.

Mayor Feige's statement is as follows:

"It is indeed unfortunate that a controversial issue can be developed on a matter so important to the welfare of so many people. I am speaking of the conditions that have been brought

about on the finalization of the extension of Route 56, commonly referred to as the Edgemar Freeway from its present terminus of Skyline boulevard to a point connecting same to Junipero Serra boulevard. After thorough engineering and economic study, research and public hearings, a route known as Route B was decided on by the California State Division of Highways which is also the State Department of Public Works.

"Interests not in agreement with the route selected have continued their efforts to bring about relocation of this route. This, anyone has a right to do, but in doing so, the information and facts should state the exact conditions that would exist in

each instance. Repeating, it is unfortunate that so many people have been given erroneous information and that conversation and letters have taken place that are not factual. The statement has been made and repeated and recognized by persons who in passing that on are doing a disservice to the general public.

"The statement is that Route B, the adopted route, is detrimental to the Christopher Columbus School and that the proposed substitute route, referred to as route A1-D is not detrimental. Just the reverse is true as the adopted route would travel down what is now Santa Rita street which is two blocks distance from the school site

Westlake Merchants Annual Egg Decorating Contest Is Launched

The Westlake merchants annual Easter egg decorating contest with more than \$100 in prizes gets under way this week.

Competition will be in three age groups: under 5 years, 5 to 9 years and 10-13 years. Valuable prizes will be awarded in each age group and a special grand prize for the outstanding entry in the contest. Entries may be a single egg or an entire basket of eggs.

Use your creative ability and imagination to make your entry the winner. All entries must be brought to

Penney's credit and layaway department downstairs in the Penney's store before Wednesday, March 29. All entries will be on display in Penney's windows from March 27 through April 1. Judging of the contest entries will be made on Friday, March 31, and awards given on Saturday, April 1.

All entries must be accompanied by the official entry blank printed today in the Westlake Times.

The winner in each age group will receive \$25 in merchandise orders. The grand prize winner will receive \$25 in merchandise orders and the child's mother will be named "Westlake Mother of the Day." The entire winner's family will be treated to a dinner at Joe's of Westlake on Mother's Day. So get going... create an Easter egg display and win. Fill out the entry blank and take your entry to the credit and layaway department of Penney's before March 29.

Sandra Calavano

(Continued from Page 1)

ates in June. Beyond this she looks forward to working either with the UN or with President Kennedy's Peace Corps.

In a sobering nine-minute oration, Miss Calavano asked if prosperity in this country has not been a handicap.

"Only if" (the typically American) "rearranges his values will there be hope for his children. There must be a qualitative change in American morality. We must return to a system of ethical values. We cannot continue as we are. We must straighten up and break free from the old bonds of apathy and disregard for right and wrong."

"We are in reach of achieving a state of humanity which was only a dream in the past. But we are in danger of the destruction of all mankind. The fate of the world lies in our hands—but will our hands be able to move. Have they become too fat, too soft and too slick from the grease of 'payola' to handle the task?"

"The very dignity of man is at stake... It is dignity which sets us apart from... animals."

"We must act, we must realize and fulfill our responsibilities to our country—for you and I are America!"

Fire Burns Out

(Continued from Page 1)

Kennedy at approximately \$1,500.

Three engines and a squad truck answered the first alarm, which was sounded through the police transmitter at 2:29 p.m. A fourth engine answered a second alarm but was sent back, Chief Kennedy said.

The home is located directly across from Crocker School on Bellevue.

A crowd of nearly 100 persons and children gathered to watch the firemen put out the flames.

Council Hears

(Continued from Page 1)

Daly City passed a resolution asking for a reinvestigation of the feasibility of Route "A-1-D" after having previously approved "Route B" which passes through part of the city limits.

THESE familiar faces promise to provide a lot of fun and laughs for Daly City youngsters on Wednesday, March 29, when they appear at the Olympic School multi-purpose room to stage two special shows. In case you haven't recognized them by now, they are members of the KGO-TV's children's show "Charley and Humphrey." At the left is Charley; his human friend, Pat McCormack is center, and Humphrey, the bulldog, is seen stretched out on the right.

FIRST SHIPMENT OF AUTOMATIC VOTE MACHINES ARRIVES IN COUNTY, TO BE PLACED ON DISPLAY

The first shipment of automatic voting machines arrived in San Mateo County this week and officials immediately announced plans to place the equipment in service for the April 18 consolidated school-county charter amendment election.

At the same time, Shoup Voting Machine Corp. of New York City, manufacturers of the equipment, announced that it has established Northern California sales offices and service facilities at 1665 Industrial road, San Carlos.

San Mateo County becomes the fourth county in California to install machine voting systems. Others are San Francisco, El Centro and San Luis Obispo counties.

K. Paul Linerode, veteran sales and service representative, will manage the northern California offices. He was recently transferred to the new offices from the Nashville, Tenn. branch.

The new machines are being received and stored temporarily in one of the exhibit buildings at the Fair and Fiesta

grounds in San Mateo. The company agreed to deliver and make ready 350 of the 1,742 machines in time for the county-wide April election in which some of the precincts will be consolidated. The county's contract with Shoup is for a total of 800 machines, the number needed to accommodate the county's requirements during a regular election. The balance of the \$1½ million order will

be delivered early in 1962, according to County Clerk John Bruning.

Training of county election department personnel in the use of the new machines is being supervised by Linerode. In addition, some election department employees will soon receive special training in voting machine operation and maintenance at the factory in Canton, Ohio.

Pacifica

(Continued from Page 1)

and at a much lower elevation than the school site even though the highway route would be elevated above the level of the existing street. The proposed Route A1-D actually goes through and cuts off a corner of the Columbus School Site and in doing so creates a deep cut at the location. Whenever ground is disturbed, and especially true on a cut of this proportion, a potential slide area is created, and in the event that any ground disturbance took place in the area, the school property would be affected.

"Further, the statement has been made and again repeated and written about that on Route B a 300-foot tunnel is proposed which, it is stated, would be dangerous to the welfare of children traveling to the school and would create an enlarged police problem. This again is a misstatement of fact. While it is true that the highway and the existing streets will be at different levels, wherever this condition exists the conventional overpass or bridges will be built. What I have stated are facts and I will consider it a duty and a pleasure to have anyone who wants to see plans, elevations and projections of the above facts to call on me and I will show them the actual conditions rather than something that is simply conversation or for the benefit of any special interests."

Purse Snatchers Apprehended After Monday Nite Attack

Edna Florence Mills, 69, was the victim Monday night of two white male juveniles who knocked her down and snatched her black purse and its contents.

The attack happened at 7:30 p.m. at Templeton and Irvington. Mrs. Mills lives at 439 Templeton.

The two juveniles were apprehended the same evening and the purse was recovered. Both were cited.

Hydrant Tests Are Set Here Thursday

As a part of the fire protection survey being made of Daly City by engineers of the National Board of Fire Underwriters, tests of flowing hydrants will be conducted by the Water and Fire Departments in cooperation with the Board on Thursday, March 16, 1961, in various sections of the City.

The tests, made to ascertain quantities available for fire protection, may result in some discoloration of water in street mains for brief periods but it will be safe for drinking at all times. Users of automatic washing machines are cautioned to examine the water for discoloration if laundry is done Thursday.

OWNER Anthony G. Lucetti gets congratulatory handshake from Mayor Pacelli as ground is broken for the new Lucetti Medical-Dental Center at Alemany and San Pedro in the Colma district. Present for the ceremony were (left to right) Adolph Schenone, Lucetti, Pacelli, Attilio Conserva, Colma

a muddy lake when it rains." Later she cited "raw sewage" which ran down Knowles for two months until I finally called Mr. Frank (City Manager Ed Frank) and he did something about it. Kids were playing in it and didn't even know what it was."

Mayor Frank Pacelli asked Frank for a report on this incident. Frank answered that he had corrected the sewage break as soon as Mrs. Sanders had informed him of it, adding that he simply had not known of it until she had called."

Mrs. Sanders then urged passage of an ordinance which would force people "to clean up and keep clean."

"This is supposed to be a well-informed time with schools and newspapers and television," she said, "but people seem to be going backward instead of ahead."

Councilman Robert St. Clair suggested that the County Health authorities be notified, then asked City Attorney Paul Hupf if the council has the power to intervene in litter conditions.

Hupf said it does if it can be shown that the condition constitutes a menace or nuisance.

Mayor Pacelli then asked for a survey of the area in question with an idea toward "seeing what we can do about it either by ordinance or through the health authorities."

St. Clair said, "The citizens must start taking personal pride in the city and complain about such things to us if we are going to know about them and correct them."

Hupf, describing a case to come before him in which two dogs had been kept in a basement for six months without ever being let out and without the basement ever being cleaned, said, "There are innumerable bad conditions in our midst. Mrs. Sanders' complaint has validity. This is an increasing problem which we of Daly City are going to have to meet."

Work On Schools

(Continued from Page 1)

ilities commencing July 1 of this year for one year.

Accepted the tentative 1961-62 school calendar as presented by Morgan. As the schedule now stands, there will be 221 teaching days, with 23 holidays. This includes 42 days for the summer session, and 179 for regular. School will begin September 11, with registration on September 5 and 6. Summer session will begin on June 20, ending August 17.

Received a letter of thanks from Wertmeim and Van Der Ploeg of San Francisco that they had been selected as landscape architects for the Jefferson project.

Morgan informed the board that in a letter from Andrew Oddstad of Oddstad Homes of Redwood City, which he received recently, Oddstad told him that Terra Nova Boulevard, the street in front of the new high school, will be graded by April 17, and utilities should be ready for delivery by April 20.

Approve Maps

(Continued from Page 1)

Unit 11 which was not in the sanitation district. "We were behind the eight ball in that deal," he said. "We were forced to take on the sewage in the district because we had no other choice, except to throw the responsibility onto the city which is not in the sewage business."

Both Thomas Gallen, attorney, and Carl Timmons, engineer, who are associated with the Doelger Co., were present to explain that proper arrangements for sewage disposal would be worked out with the Sanitation District for Unit 1-A under the provisions of the district as set up by law before the time of final map approval. Agreement has already been reached with the district for Unit 11-B.

After Hupf re-assured St. Clair that approval of the tentative map for Unit 1-A would in no way permit construction to begin or represent any a priori sewage agreement, the map was okayed unanimously.

More atom electricity to help keep PG&E service your best bargain

Californians switched on some "new" electricity in their homes in 1957—electricity made in an atomic power plant built by PG&E and General Electric at Vallejos. This was America's first AEC-licensed nuclear generating station. Now, near Eureka, PG&E is building another and much larger atomic power plant. An advanced design, it is expected ultimately to produce electricity as cheaply as conventional plants in the same region. This \$21 million project is one more step in PG&E's continuing program to build ahead for a state on-the-grow. **PACIFIC GAS AND ELECTRIC COMPANY**

Assistant HS Superintendent To Address Education Group

Dr. Vinton Stratton, Assistant Superintendent of the Jefferson Elementary School District in Daly City, will be guest speaker at the 34th Annual Convention of the 17th District, California Congress of Parents and Teachers, to be held in the San Mateo High School, Thursday, March 23, 1961 at 9 a.m.

President Mrs. Foriest Cunningham announced the convention theme will be "We Open the Doors to New Frontiers for Children and Youth;" and will afford an excellent opportunity to hear an outstanding educator on this subject matter. Dr. Vinton Stratton's appearance was arranged by newly appointed Director of Education Mrs. Del Wilson of Daly City.

Dr. Stratton was born in Denver, Colorado, but has been a resident of California since 1915. He went through the public schools of Oakland, California, and did his undergraduate university work at the University of California in Berkeley, and at the University of the Pacific, from the latter of which he received his A.B. in Psychology and Education. He subsequently received his M.A. and Doctorate from Stanford University.

Night-Time Firearms Course Taught DCPD

A new night-time firearms training course has been added to the present firearms training program of the Daly City Police Department, according to Police Chief Roland Petrocchi.

This new course is a combat course for training officers under actual conditions that might prevail during the hours of darkness. The Daly City department is the first in the area to use this new method and it has created considerable interest among other area departments, Chief Petrocchi reports.

"Most of the major crimes of violence and homicide are committed during the dark hours," he explained, "whereby an officer may be called upon to use his weapon without the advantages of enough light to see the sights. These conditions prevail in unlit alleyways, vacant lots, dark basements and places of business that are closed for the night or weekend."

The course includes the firing of weapons both with and without the use of an officer's flashlight on a silhouette target. Scores are counted and a record is kept of each officer's progress.

Firearms training is held one day a month. It consists of training in the safe and proper use of the following weapons which are part of the police department's arsenal: service revolver, shot gun, machine gun, automatic rifle, tear gas riot gun and tear gas grenades.

This training program is not only for regular officers of the department but is also given to recruits and to new members of the auxiliary police.

Mrs. Eason To Run For HS Board Again

Mrs. Anna M. Eason, 199 Westlake avenue, Daly City, and Clerk of the Jefferson Union High School District Board of Trustees recently announced that she is a candidate for re-election to the Board of Trustees of the high school district.

The Eason family have been residents of Daly City since 1924. Mrs. Eason is the mother of 4 grown children; three are married and one son, Jack, resides in the family home.

Mrs. Eason was first appointed to the Board of Trustees of the high school district in 1947. She was elected to her first full term of office in 1949. Since 1949 she has served as Clerk of the Board.

In addition to her many civic activities she has found time to work with the San Mateo County California and National School Boards Association.

Mrs. Eason is past president of the Pershing Elementary School PTA, and is a recipient of one of their Life Memberships. For many years she has been an active member of the Jefferson High School PTA. An entire list of her civic endeavors would be far too long to enumerate. She took an active part in the organization of the Daily City Recreation Program, and at the present

C-C Bylaws Are Totally Revised After 7 Years

The bylaws of the Daly City Chamber of Commerce have been completely revised and will soon go out for approval of the membership, according to Frank Martorana, president.

Martorana said that the seven-year-old bylaws were revised to provide more "autonomous power to various chamber committees and to permit the organization to function more efficiently and effectively."

He said that the revised laws have been approved by the board of directors and now need only the majority approval of the general membership to become official.

He declared the new set of laws will be mailed to the membership for its study and reaction.

"A revision of these old bylaws is long overdue," Martorana said. "They were created seven years ago when the chamber was first formed by beginners. Most of them are much too restrictive for our operation today and many of them are completely outmoded."

The regular chamber board meetings are held the second Thursday of each month. The general membership meetings are held on the third Thursday of each month.

Fire Activity, Loss, Number Of Calls Told

Statistics on the monthly fire loss, and the number of fire calls for the first half of the fiscal year were reported this week by Fire Chief Elmer Kennedy of the Daly City Fire Department.

Monthly fire losses were as follows: July—\$7,737.75; August—4,573.65; September—918.76; October—\$3,468.15; November—\$3,695.00; December—\$4,980.02. Total loss was \$25,373.33, which represents a loss per capita of 57 cents based on the present population of 44,791.

Formerly a faculty member at Stanford University and San Jose State College, he is currently a member of the visiting faculty of San Francisco State College in the areas of curriculum and school administration and supervision. Eleven years a school principal, Dr. Stratton is now in his fourth year as Assistant Superintendent of the Jefferson Elementary School District.

One hundred fifty of the above calls were pulled in from street boxes, 28 calls were received by the Police Department and relayed, 71 were still alarms, 453 were telephoned in to the police and relayed by phone.

JEFF DEANS HOLD REGISTRATION FOR 8TH GRADE

The Jefferson High School deans and three counselors, on last Thursday, conducted a registration period for each class of eighth graders at the Colma School.

Next year's freshmen were given information and counsel regarding the programs of studies, and the various activities and procedures at the high school. A registration form to be completed during the next few days was distributed to each student.

Colma's eighth grade teachers, the school counselor, and youngsters' parents will be assisting the young people in preparing their individual schedules for the freshman year beginning in September at Jefferson High School.

Those from the high school who conducted the registration sessions were the deans, Miss Ada Wood, and Donna Behm; and the counselors, Miss Marjorie Erickson, Mrs. Gladys Rodgers, and Bob Watt. LeRoy Kusber, a member of the senior class, accompanied the group as an assistant.

She is president of the Daly City Women's Civic Club, and is also on the board of directors of the Village Nursery School. For years she has been active in the Girl Scout movement and currently serves as a director of the Northern San Mateo County Salvation Army Advisory committee.

During the war she helped organize the Daly City Service Men's Club. She has served as chairman of cancer and heart funds, March of Dimes, and many other philanthropic drives.

ADULTS OFFERED DRIVER TRAINING

A five week course in Driver Education and behind the wheel training has opened this week at South San Francisco Adult School. Registration will be accepted throughout the week.

Plan now to attend the quarter beginning Monday, April 3. Watch for the coming list of classes that will appear in this paper in the near future.

For further information please call JUno 9-6272, Monday through Thursday, 7-10 p.m.

Principal of the Year, Mrs. Ethel Hahn of Woodrow Wilson School, accepts gift from Mrs. Felix Moss, president of the

DAVID WILLEY, Jefferson Elementary School principal and secretary-treasurer of Golden Gate Chapter of the National School Public Relations Association, meets with National President Don Mathews of Dallas, Texas, and Executive Secretary Roy Wilson, director of press, radio and T.V. relations for the National Education Association, Washington, D.C. In a meeting held recently in San Francisco in conjunction with the Regional Convention of the American Association of School Administrators, the group discussed effective ways to provide parents with more information about their children's schools.

Fitzgerald Proposal On Highway Meeting Rejected By Principals

A summit meeting between all interested parties to discuss the Junipero Serra-Skyline freeway controversy proposed last week by James V. Fitzgerald, First District supervisor, never came to pass.

Fitzgerald had sent a telegram asking for a joint meeting between the City Council of Daly City and Pacifica, the Doelger Corp., the McKeon Development Co. and the State Highway Dept. to have taken place last Friday in this area.

He had written in the wire: "It has come to my attention that State Highway 56 between Junipero Serra and Skyline boulevard seems to be developing into a controversy which could cause delay in the building of this much needed road in the north end of the county."

He had proposed the meeting as a possible means of reconciling existing conflicts of desire and opinion.

However, the invitation was rejected by all concerned on the grounds that the matter is now in the hands of Sacramento and no longer a local issue.

"They all seemed to feel," Fitzgerald told this paper, "that nothing that could be said or done at this level would have any further bearing on the case."

It was noted, however, that recent attempts have been made by McKeon interests and the Daly City Council to fan the smoldering embers of the hassle into new flames.

Fitzgerald said that he had received a call from Sinclair of the district office of the High-

way Department who said simply that the matter is now out of the district's hands and nothing could be gained by the proposed meeting from his point of view.

Mayor Frank Pacelli told him the city council felt there was no point in the meeting inasmuch as the decision now rests with the state in Sacramento.

A Doelger representative had invited him to view the company's problems relative to the freeway routing but had declined any meeting to further discuss any changes.

Fitzgerald said he intervened only to prevent a possible stalemate which might prevent the freeway lateral from being built.

Veterans Administration Expects 4,000 Entries In Writing Contest

More than 4,000 Veterans Administration hospital patients are expected to take part in the 15th Annual Hospitalized Veterans Writing Contest which got under way in VA hospitals across the nation last month. It was announced this week by Dr. C. H. Francis, Area Director of the Veterans Administration.

Many of these veterans will be struggling under handicaps such as did Arthur Koch in winning first prize in the play writing contest last year. Koch, quadriplegic, typed his winning play "Murder on Banker's Hours" with a mouthstick on a portable typewriter he had previously won in another writing contest.

Koch since has been discharged from a VA hospital, and is home at Aurora, Colo., but he will be watching the progress of the 1961 event which is sponsored again by the Hospitalized Veterans Writing Project, a volunteer group with headquarters at 333 E. Huron street, Chicago.

Writing aides will be furnished by alumnae of Theta Sigma Phi, national fraternity for women in journalism. Other assistance will be rendered by service organizations and national and local groups which have been assisting in the rehabilitation work.

This year each first prize winner will receive a copy of a book, "Profiles in Courage," written by President John F. Kennedy, while he was hospitalized in 1954 for an injury suffered during World War II.

One new section has been

added to the 1961 contest — a section on book reviewing — to stimulate interest in standard book reviews which may be used in hospital newspapers or other publications. Literary editors of the New York Times will judge the book review manuscripts.

More than \$5,000 in prizes will be offered to the winners of more than 40 different types of writing, ranging from short stories, outlines for novels, plays, poetry and songs, to preparation of greeting cards and cartoons.

Many famous personalities in the field of writing will serve as judges in the various classifications, including Lloyd Wendt, John Kieran, Floyd Clymer, Ellery Queen, Bennett Cerf, the editors of a dozen national magazines and metropolitan newspapers and columnists.

The contest will close April 15 and the winners will be announced later in the year.

Pacific Manor PTA Schedules Fun Day

Pacific Manor School PTA will hold a fun day Saturday on the school grounds from 1 p.m. to 7 p.m., in a carnival-like atmosphere with clowns and games.

Events to be featured include a bike rodeo, square dancing, baton twirling, and so forth. Refreshment stands with all the goodies will be conveniently located. There will even be a table containing lovely fuchsia plants which will be on sale.

DC Library Reports On Activities

The Daly City Public Library reports that the period from July 1, 1960, through December, 1960, was one of "intense activity."

A survey of registration and circulation statistics "offers impressive evidence that large numbers of the people of Daly City are using the library services," the library reports.

These statistics become more impressive, the library explains, when two factors are realized: one branch of the library was closed from September 10 until November 15; and, 1981 registered borrowers from Colma were not eligible to use the library after July 1, 1960.

Breakdown of statistics is as follows: Registration of new borrowers—July, 312; August, 307; September, (library was being moved); November, 480; December, 661; total 2,070. Circulation—July, 14,816; August, 14,321; September, 11,029; October (all at Mission street library), 8,874; November, 15,069; December, 13,571; total 77,691.

This total amount compares with 85,515 for a similar period in 1959 when both libraries were open and serving all of Daly City and at least 1981 residents of incorporated areas of San Mateo were using the Daly City libraries, and when the San Mateo County Library had 6,000 books in the Westlake Branch Library.

Sally Stein Seeks Jeff Hi Board Seat

Mrs. Sally Stein, 48, Daly City housewife, recently became the latest candidate to run for a seat on the Jefferson Union High School board.

Mrs. Stein becomes the fourth challenger, joining ranks with Dr. Jerry Miles, William Cronman, both of Pacifica, and John Burkhard.

Incumbents who are running for re-election are Lyle Ingersoll, Anne Eason, and Elio Fontana.

The election will be held Tuesday, April 18.

Mrs. Stein resides with her husband, Samuel, and her 14-year-old son, Robert, at 43

Windsor drive, in the Westlake area. She has been active for a number of years with many school functions.

She has worked with the Snell PTA and Benjamin Franklin PTA. At present, she is serving as corresponding secretary for Benjamin Franklin PTA, corresponding secretary of the Friends of the Daly City Library, Health and Welfare for Daniel Webster PTA, publicity chairman of the 17th District California Congress of Parents and Teachers.

Her various posts and activities in the interests of youth have brought her in close contact with existing problems, requirements, and needs for them.

In a recent interview, Mrs. Stein said, "We must look ahead to the future and plan an education program that will be sufficient to keep pace with our growing youth and full consideration must be given to the many existing problems."

Pacifica Stands On 'Route B' Against McKeon

Pacifica's City Council held firm to its previous approval of "Route B" in the Junipero Serra-Skyline freeway hassle last week, despite strong appeals to the contrary from representatives of the McKeon Development Co.

The McKeons—father Chris and son George—and Dan Coleman, engineer, all appeared before the council in an effort to convince its members that "Route A" was far more desirable to all concerned.

But the council wasn't buying a penny's worth, in fact, reaffirmed its preference for "Route B," which runs through Daly City and avoids Pacifica altogether.

The evening's debate was one more frantic chapter in the already legendary cliff-hanger, "The Freeway Frenzy," which certain officials feel stands a good chance of shelving the entire project indefinitely if a mutually acceptable solution or decision cannot be reached soon.

McKeon's argument, similar to that proffered by the Daly City Councilman Robert St. Clair, is that the Highway Department has evidence that "Route A," or its modification, is more feasible from an engineering standpoint and would be much cheaper in the long run, plus it would offer greater service to the motorists.

But the Pacifica council still wasn't buying and the McKeons went down to unanimous defeat.

IRISH FLAG TO FLY HONORING ST. PAT'S DAY IN S.F. BAY AREA

The Irish Flag will be raised over San Francisco's City Hall Friday in ceremonies in which Mayor Christopher and local Irish leaders will participate.

The occasion, of course, the day most dear to Irishmen — St. Patrick's Day — and this year it has particular significance. 1961 marks the 15th Centenary of the death of St. Patrick. Youngsters costumed in traditional Irish costumes will add to the day's event.

Same evening at the Whitcomb Hotel, a huge civic banquet will be held under the chairmanship of Jennie Milan, who made arrangements for a crowd of at least 500 diners. Church, business and civic dignitaries are expected, Mrs. Milan said.

Jeremiah J. Mulvihill, president of the Gaelic organization composed of 25 Bay Area Irish associations, said all affiliated groups are going all out to make the 15th Centenary of St. Patrick an eventful celebration.

Catholic churches throughout the S. F. Archdiocese are planning St. Patrick's Day Masses and special services on the Saint's anniversary, Friday.

Saturday a St. Patrick's Grand Ball will be held in the Crystal Room of the Whitcomb Hotel. In addition to a sumptuous Irish dinner, there will be a program consisting of tenors and dancers, which should make the evening a memorable one for every Irishman.

Sunday a huge Market street parade and procession will wind up the St. Patrick's Day celebrations. More than 200 marching units, bands and prancing

majorities, along with colorful floats will start off from the Ferry Building and for at least two hours will thrill sidewalk spectators.

Some 125,000 people are expected to view the parade.

CALLANS AGREE TO THROW OUT SMALLER LOTS

The "small lot" clause in the proposed Callan Park annexation has been dropped and Callan officials have agreed to abide by South San Francisco's current 50-foot-lot ordinance.

A hearing had been called to publicly discuss the nature of the so-called Callan "town house" plan which called for lots smaller than 50 feet. However, it was cancelled after agreement to stick to the standard size lot was reached during a pre-hearing meeting between city officials and Callan representatives.

Mayor Andrew Rocca explained that while the town house idea, which calls for a yard that in effect becomes a common green, is an unusual and provocative innovation on the part of the Callans and the architect, it nevertheless has incited enough public opposition to make it undesirable from both the city's and Callans' standpoint.

The public has also expressed its opposition to the entire Callan Park annexation proposal on the grounds that it will create a higher tax rate and increased civic liability.

It's News To Vets

Q—I read that the President had requested that GI insurance dividends be paid early this year. The anniversary date of my policy is in October. When may I expect my dividend this year?

A—It is impossible to give a definite date for payment on a particular policy. However, the VA's target date for completing all 1961 dividend payments is sometime in March, and the VA hopes to complete payments by March 19.

Q—When I file a claim with VA and allege service-connection for the disability, will VA give me a free medical examination?

A—If a claim indicates the need for a physical examination,

it will be done without charge to the veteran.

Q—What is the deadline for entering training under the Korean GI Bill?

A—Three years from discharge or separation from service.

Q—Has VA outpatient medical treatment been extended to non-service-connected veterans?

A—No. It continues to be limited to veterans who have disabilities that are service-connected. You may have in mind the new law which authorizes VA pre-hospital and post-hospital care. This is given at VA hospitals, for hospital patients, on a non-bed-occupancy basis.

Principal of the Year, Mrs. Ethel Hahn of Woodrow Wilson School, accepts gift from Mrs. Felix Moss, president of the Woodrow Wilson PTA, during the recent Founders Day luncheon. Looking on at left is Mrs. Foriest Cunningham, president of the 17th District of the PTA, and right, Mrs. Menes Plansky, a local PTA worker. The gift from the membership was a symbolic charm bracelet.

Westlake City Of Hope Chapter Holds Inaugural Installation

On Tuesday evening, February 28, the Westlake Chapter of City of Hope had its inaugural installation in the banquet hall of Westlake Bowl.

Mrs. William Layton, chairman of the evening, opened the affair with a message of greeting to all members and guests. Then, the meeting was turned over to Judge Charles Becker of Municipal Court of San Mateo County, who was installing officer, Harry Braunstein, president of T.S.S.L. Chapter of City of Hope, was installing marshal.

Max Liss was installed as the first president of the Westlake Chapter, followed by Simon Prenovitz, who is the first vice president, and Marvin Tover, who is second vice president.

Mrs. Ralph Neuhaus and Mrs. Arthur LaPiedis are the new recording and corresponding secretaries. William Layton and Mrs. Harry Schuman are treasurer and financial secretary. Mrs. Fred DeBow, Ben Duskun, Al Small, and Victor Keyak are the trustees for the first year. Fred DeBow is sergeant at arms. Mrs. Celia Rosenberg, a long time member of City of Hope and past-president of T.S.S.L. Chapter, was installed as counselor.

After the ceremony, all members and guests were invited to stay for refreshments.

Hadassah Group To Hold Luncheon

The regular meeting of the Westlake Group of Hadassah will be a luncheon on Thursday, March 23, at 11:30 a.m. at the Lake Merced Sports Center on Harding road. An interesting program will feature Miss Ann Bernstein, former San Francisco resident who for the past year has been making her home in Israel. Here on a brief visit, she will show moving pictures and narrate descriptions of life in Israel today.

Donation will be 75 cents. All members and friends are invited.

and recreation commission and the planned development program under the five-year master plan during the winter and spring may be obtained by writing to Ralph Shaw, Director of Parks and Recreation, Court House Redwood City.

Picnic Times Can Be Arranged With Parks Group

The San Mateo County Parks and Recreation Department's Group Picnic Reservation Program is operating between the hours 8 a.m.-5 p.m., Mondays through Fridays. Industrial, educational, fraternal, and social group picnic reservations may be made by writing to the San Mateo County Parks and Recreation Department, Court House, Redwood City, by calling the reservation secretary at DA 2-2188, or by dropping in at the administrative office at Flood Park.

The county programs group picnics for its parks including: Flood Park near Redwood City and Menlo Park; Coyote Point Park in San Mateo; Junipero Serra Park in San Bruno; Huddart Park in Woodside and Memorial Park near La Honda and Pescadero. Over 1,200 reservations were accommodated in the reserved group sites in the parks in 1960.

A complete description of all county department facilities including map of all county parks, reservation regulations and requirements, program activities, historical sites and their schedules, safety rules for the protection of the public and parks, functions of the county parks

Westlake Catholic Women Make Final Plans For Rummage Sale

Final preparations are taking place this week in anticipation of the Rummage sale to be held by the Westlake Catholic Women on Saturday and Monday.

For the convenience of those living near Westlake, the pre-sale will take place on Saturday in the parish hall of Our Lady of Mercy Church on Elmwood drive in Westlake. The hours are from 10 a.m. to 4 p.m.

On Monday the main sale will be held in Larkin Hall in the Civic Auditorium Building in San Francisco, from 9 a.m. to 4 p.m.

Over 300 women of the parish, under the direction of Mrs. Patrick Schofield, general chairman, have been busy since last fall with the preparations for this annual sale, which will benefit the building fund of the Parish of Our Lady of Mercy.

A large assortment of new items will be featured at the sales. For example: many new dresses and separates for women from leading women's stores of the Bay Area; belts, purses, hats and scarves; many fancy petticoats; a large selection of bracelets, earrings, necklaces and pins in the jewelry department; formal; a large number of glasses of all sizes and shapes; cosmetics; crockery and dinner ware, crystal and china items, baby clothes; and furniture.

In addition to this interesting and varied assortment of new items, many near-new and repaired articles will be available. The men of the family will find a large assortment of clothes and shoes, sports equipment, luggage and tools. The children will be interested in the toys and games. The teenagers will find the record and book department especially interesting. Baby furniture, such

as high chairs, buggies, car seats, play pens, sterilizers and bottles are all ready for the small fry.

Of interest to women, in addition to the large selection of clothing and accessories, are draperies and linens, silver items, yardage and patterns, venetian blinds, lamps, TV sets, tablecloths and napkins. Women usually enjoy browsing around in the bric-a-brac departments, where a voluminous number of odds and ends will be displayed.

DC ROCKHOUNDS ON FIELD TRIP TO NEW ALMADEN

Fifty-six Daly City Rockhounds traveled to the Guadalupe Mine in New Almaden last Saturday. The rock hunters were rewarded with finds of blue agate with marcasite, carbon silicate, tan and gray onyx, banded onyx, peridotite of an emerald green color, cinnabar and dolomite roses.

Their program for the March 13 meeting covered the making of gem stone doublets and triplets. This is a process where layers of various types of gem stones are laminated together for special effects in jewelry. In addition, rockhound leader Gene Myers plans to institute a "Slab Grab Bag." Members contributing various types of rock will draw from the collecting container in the hope of extending their collection.

The program for the March 20 meeting will feature guest speaker, Alden Clark, and his color slides "Rockhounds in Action." All Daly City residents are welcome. Meeting time is 7:30 p.m. every Monday at the War Memorial Community Center, 144 Hillside boulevard, Daly City.

Two New Youth Groups Being Planned Here

The Daly City Recreation Department is presently working on plans for two new youth groups. Success of the Daly City Hi-Fi Teen Club, one of the largest in the State of California, has shown the need for these organizations.

Meetings with parents towards the development of a Junior High School group patterned after the Hi-Fi Teen Club are already in progress. Goals of these new groups will be the development of a wholesome social and athletic environment for the youth of Daly City.

The second group is to be directed towards young adults. An organizational committee comprised of former teen club members have held two meetings towards the development of this group. Committee members include Dolores Spinetti, Don Cubic, Nancy Massini, Don Aiello, Rick Ward, Ron Rivera, Chick Rivera, Sue Rudemetkin, Nedra Colby, Paul Tapia and others.

This group will be open to high school graduates or people eighteen years of age and under twenty-three years of age. An organizational meeting was held last night in the War Memorial Community Center. The group is expected to be open for general membership the following week.

For further information call the Recreation Department, PL 5-0850, Ext. 18.

FINAL ANNOUNCEMENT FOR COMPETITIVE EXAMS FOR MARTIME ACADEMY MADE BY ASSEMBLYMAN

Final announcement of a competitive examination was made this week by Assemblyman Louis Francis of San Mateo for admission to the California Maritime Academy in August, 1961.

The examination, which is open to young men in the 25th Assembly District (northern half of San Mateo County), will be held at the California Maritime Academy in Vallejo on April 1, and at the Palo Alto High School Library on April 22. There are no fees required to take this examination.

The applicant with highest passing score on the tests will become a nominee of Assemblyman Francis. Others with

passing scores may be admitted if vacancies in the quota for the entering class exist.

Under the State's regulations, each State senator and each State assemblyman representing an odd-numbered district may nominate a young man from his district for admission to the Academy in 1961. Since the number who can be admitted to the Academy each is limited, this method of selection insures state-wide opportunity to gain admission to the Academy and to prepare for positions of leadership in the maritime industry which is so vital to California.

The State-operated Maritime Academy is located on Carquinez Straits, Vallejo, at the head of San Francisco Bay. The Academy program provides, in three years, approximately the same education as

the normal four-year college. The graduate receives a B.S. degree, either in nautical science or in marine engineering. Well-paid jobs as licensed officers in the U. S. Merchant Marine await the graduates. Those who are physically and otherwise qualified, are eligible for commissions in the U. S. Naval Reserve.

To be eligible for admission, an applicant must, at the time of admission in August, 1961, be a high school graduate, unmarried, 17 years of age but not over 22 (except in the case of veterans who may enter up to the age of 27), and meet certain physical and mental requirements.

Application to take the examination should be made to Assemblyman Francis at the State Capitol in Sacramento on or before Saturday, April 1st.

K.I.P. To Hold Special Meeting; Elect Officers

A special meeting of parents and persons interested in the work of K.I.P. (Kids in Performance) will be held Sunday at 1:30 p.m. in the Coral Room of the Daly City War Memorial Recreation Center.

Purpose of the meeting will be to reorganize, nominate and elect 1961-62 adult officers and board members.

A resolution was passed at last month's board meeting that K.I.P. "go all out" on a membership drive in Daly City, not only for high school and elementary students, but also for adult members.

All persons and groups interested in the work of K.I.P. are urged to make this most important meeting, according to Mrs. Pat Fawcett, publicity chairman.

The organization was first formed in Daly City in 1957, due to the interest in children by Mrs. Kay Irvine, who is general director. Mrs. Irvine went into the Daly City playgrounds as a "story lady." She began to make tape recordings. The response was great, and she went on to conduct area talent shows.

The Daly City Recreation Department soon joined Mrs. Irvine, who auditioned, rehearsed, staged, and directed the first production of an All-City Playgrounds Talent Show.

K.I.P. is staffed only with volunteer workers. The organization has no restrictions as to age, race, or creed, and it isn't necessary one have "talent" to join.

The medical profession, many civic groups and PTAs have already endorsed the work and results of K.I.P. Plans are already in a making for starting other branches in the Peninsula.

CAMP FIRE GIRLS HOLD JOINT DOINGS

The Muane Owa and Wo-Ta-Ki-Ya Camp Fire girls jointly presented a flag ceremony and program at the Vista Mar School PTA recently in the school's multi-use room.

The meaning of the Seven Crafts of Camp Fire was presented by the Muane Owa group. The group's Assistant Guardian, Mrs. A. C. Anderson, assisted by lighting the Wohelo triangle to start the presentation.

The Wo-Ta-Ki-Ya group presented a Camp Fire song and explained the meaning of their individual Indian names. Mrs. T. W. Nichols is the Guardian and Mrs. Kenneth Phillips, Assistant Guardian of this group.

Both groups closed their portion of the PTA program with the song "Law of Camp Fire."

Mrs. J. B. Wiener is Guardian of the Muane Owa group. Members include Rayna Alcala, Susan Boulard, Carol Anderson, Sally Bonavito, Joan Foppiano, Rebecca George, Leslie Herlekson, Susan Hurst, Linda Knox, Marian Kopowitz, Debbie Smith and Debbie Wiener.

Wo-Ta-Ki-Ya members are: Cynthia Caldwell, Peggy Choate, Fay Clark, Libby Davidson, Betty Hodgkiss, Ann Mulerevy, Nancy Nichols, Debbie Phillips, Linda Ramsell, Mary Lou Rivera and Kristine Vinson.

Navy Department Announces New Recruit Program

The Navy Department announced today that under a new program U. S. Naval Reserve personnel in pay grade E-1, or higher, that have had no prior active military service may now enlist in the U. S. Navy and be assigned directly to a duty station.

Naval Reserve personnel who have been discharged from the Naval Reserve in pay grade E-2, or higher, will not have to go through recruit training. After enlistment processing personnel are transferred to the U. S. Naval Station, Treasure Island, San Francisco, California, for assignment to duty by the Bureau of Naval Personnel. Further information is available from your local U. S. Navy Recruiter.

Islam De Molay To Visit Lodge

In accordance with the proclamation issued by Alfred F. Breslauer, grand master of Masons in California, proclaiming "De Molay Week" to be observed throughout California this month, Islam Chapter, Order of De Molay, will make a goodwill visit to Presidio Lodge 354, F&AM, on Thursday evening, March 23, according to Nelson Cardinal, master of the Lodge.

Robert B. Frank, master counselor of the chapter, and his corps of officers will portray a special De Molay Degree before the Masons at this time. The meeting will take place in the Masonic Temple, 25 Van Ness avenue, at 7:30 p.m.

Job's Teen Girls Plan Easter Event

An Easter Basket contest will be held by the teenage girls of Job's Daughters, Bethel 94, after their regular meeting, 7:15 p.m. Saturday, March 25, at Golden Gate Masonic Temple, 14th avenue at Taraval street.

To encourage everyone to participate, Honored Queen Yvonne Mignault announces that prizes will be offered for the most ingenious and unusual filled Easter Basket. After the judging, the baskets will be donated to the Youth Guidance Center to help make Easter morning a little happier for some unfortunate little children.

Rounding out an evening of enjoyment there will be a dance for members of Bethel 94 and their escorts, in the Blue Room. Members of De Molay are cordially invited to join in the fun.

Alimony, Dues Tax Deductible

Alimony, union dues and employment agency fees are among the miscellaneous items of expense which individuals can deduct on their Federal income tax return for 1960, Joseph M. Cullen, Director of Internal Revenue for San Francisco District said this week.

Taxpayers who have any questions on the subject of miscellaneous expense deductions may get Document No. 5014, "Employee Expenses," Document No. 5019, "Alimony," or Document No. 5110, "Miscellaneous Deductible Expenses," by calling or writing to their local office, Cullen said.

"If you have any other questions about your Federal income tax return, telephone your local Internal Revenue office," he advised.

Divorcee Club Grows; Anyone Can Join Now

The Guys 'n Gals' Divorcee Club at the Casino Steak Pit on the Old County road in Belmont has expanded.

Now eligible for membership in the club's Tuesday night fun-fests are single "guys 'n gals" as well as divorcees, widows and widowers.

Frank Martinelli, Jr. and Louella Cooke, co-owners of the casino, announce the appointment of Robert Quintana as Social Director. Quintana, who was with Arthur Murray for seven years, will give free dancing lessons to club members.

Free buffet dinners will be served to club members and their guests on Tuesday evenings from 6 to 10 p.m.

Details regarding club membership are available at the Casino or by mail.

NUMBER TOLD FOR TRAFFIC EMERGENCIES

Remember this number if you must report a traffic emergency—ZENith 1-2000.

But don't use it if your call is not of an emergency nature, reminded Highway Patrol Commissioner Bradford M. Crittenden this week.

"The ZENith 1-2000 number is reserved for reporting traffic accidents and other roadway emergencies. If you use that number for routine calls, you may block the line just when someone else is attempting to call in an emergency."

Commissioner Crittenden said that to report an emergency, just dial the operator and ask for ZENith 1-2000, telling her you want to report an emergency. She will connect you with the nearest Highway Patrol office. This procedure should be followed to report accidents in unincorporated areas and on most freeways. Accidents within cities usually will be handled by municipal police agencies.

If in doubt, call ZENith 1-2000 and the Patrol will dispatch an officer, or notify the proper agency.

DC GIRL ACTIVE IN MODEL GROUP

Eloise Farley, daughter of Mr. and Mrs. George Farley, 198 Oliver street, Daly City, held the positions of head registrar, caucus chairman of Independent Nations, and assistant to the Ad Hoc Council for Food and Famine for the High School Model United Nations, at the University of California at Berkeley.

The annual event, sponsored by the International Relations Board at the University, creates an interest in the workings and in the purpose of the United Nations and increases the knowledge of high school students concerning the United Nations.

Eloise received honors at entrance to the University. She is a member of the Sophomore Class Council, and has been a member of the High School Model United Nations organization on campus for the past semester. She is also a member of the International Relations Board, a coordinating council for activities concerning international relations.

The eighteen-year-old sophomore is majoring in history and plans to teach elementary school. Eloise is a 1959 graduate of Jefferson High School.

WHAT'S DOING

T. P. Coyne, your Telephone Manager in Daly City

The strange, horn-shaped objects in this picture are radio antennas used for long distance phone calls.

Though few telephone users are aware of it, a big share of today's long distance calls travel by radio relay rather than wire.

Its big advantage is that it can handle a huge number of calls. The first coast-to-coast radio relay network, completed in 1951, carried 3,000 phone calls at once. Now a new system has been developed that can take care of 17,500 phone calls simultaneously. It's already in service on part of our transcontinental network, and other installations will soon be made here in the West.

Meet Gene Langford, one of the many telephone repairmen working for Pacific Telephone in Daly City to insure good telephone service to the Company's many users here.

Mr. Langford was employed by Northwestern Bell Telephone Co. for nine years before deciding to come to California because of the weather. Weather is an important factor for a man that spends much of his time climbing poles and stringing telephone wire.

Gene came to Pacific Telephone from Valentine, Nebraska five years ago; he lives with his wife Dolores in Westlake.

Youngsters are always fascinated when they see a telephone man strap on his "spurs" and climb up a pole.

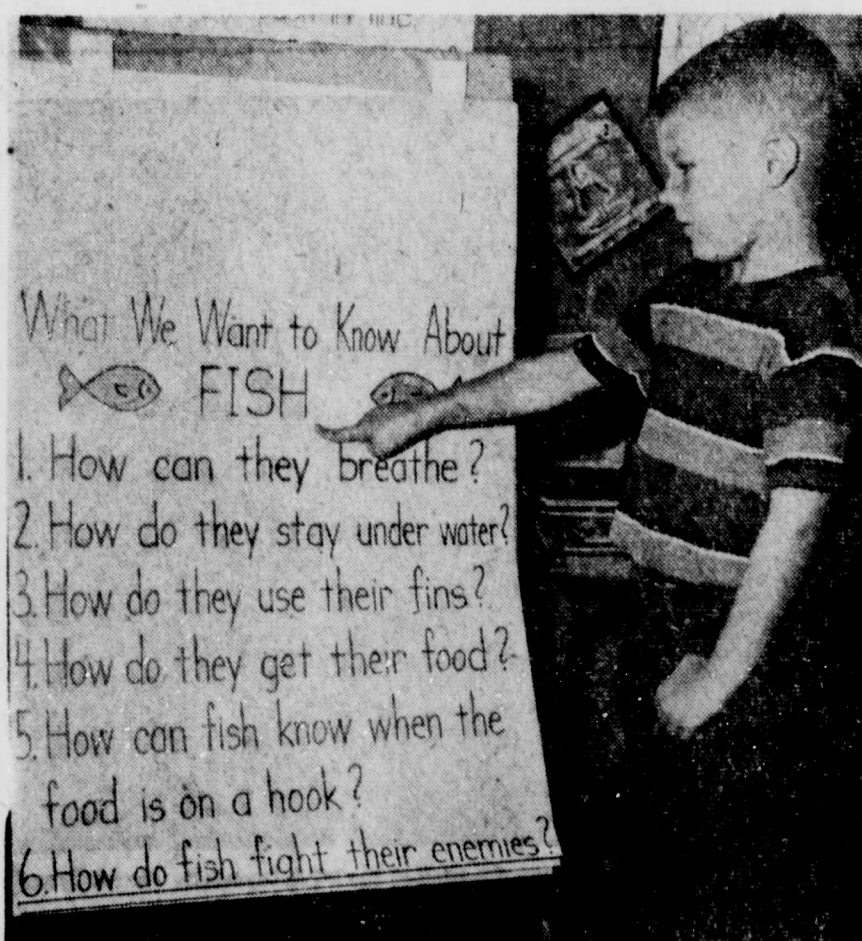

Though it looks easy, it takes skill and practice to do the job safely. The man has to know just how to stick the steel points or spurs into the pole so they will support his weight.

These spurs have to be good and sharp. When they become dull, they are returned to our shops where experts recondition them using special precision grinding equipment.

This provides greater safety for the telephone linemen and installers who use them. And the spurs last longer, too, Pacific Telephone

RICKY ATWOOD, Mrs. Shepard's first grade student at Vista Mar points to the "problem solving" chart developed by the class in their unit on study of fish.

There's Still Hope For Gardeners Who Waited Too Long For Planting

It's the nature of most gardeners to put off until tomorrow what they should have done yesterday—or several weeks ago. And this is one reason why spring catches so many of us with less bloom than we'd like to have.

When this happens, a man's best friend is his nurseryman, and the sooner he turns to him, the better. According to the California Assn. of Nurserymen, there are a number of plants and shrubs already in bloom or

about to burst forth. These need only to be planted where color lacks, and who will know that you didn't set them out last year?

There's no chance of growing spring bulbs, of course, for the deadline is really past on them. But an azalea—deciduous or evergreen—is as much a symbol of the season as is a daffodil or hyacinth. The more azaleas you set out, the more you'll enjoy the coming weeks.

Camellias, which have been holding forth for several months already, are still going strong, and daphne, which has been dispensing its lovely scent for several weeks in some gardens, can still be found in bloom and ready to dispense it for a few weeks more.

If you would enjoy spring at its finest, look for one or more of the deciduous shrubs which are already or soon will be—coming back to life. The lovely star magnolia is one of these and can be found fully cloaked with its white (occasionally pink) flowers. Dogwood is another, and the gardener who seeks dogwoods with buds will have rewards aplenty in a short time.

There are other ways to repair damage of failing to plant ahead. Annuals such as pansies are quick to flower and true reminders of the season. So if you lack for spring color, don't throw in the towel and give up gardening. Don't put off planting until tomorrow either. Time is running out.

BROWNIE TROOP 248 HAS ITALIAN FEED

Brownie Troop 248 of Westlake recently held an Italian spaghetti dinner for their fathers at the home of Mr. and Mrs. Hugo Romani, 189 Wilshire avenue.

Decorations were in the motif of an Italian restaurant. Mothers who prepared the delicious dinner were Mrs. Gloria Romani, Mrs. Gloria McDermott and Mrs. Kathryn Guiffre. Mrs. Virginia Baumhoffer assisted the girls in their presentation of a program based on a comic broadcast skit.

The brownies attending with their fathers were Janet Battaglia, Bonnie Baumhoffer, Linda Ertassi, Yvonne Guiffre, Florence Gugel, Lynn McDermott, Christine Romani and Stephanie Sklavos.

Carol Hall To Read Tonight At Center

The Poetry Center at San Francisco State College will present Carol Hall tonight at 8:30 p.m. at the Downtown Center.

Mrs. Hall, one of the leading poets of the Pacific Northwest, is author of "Portrait of Your Niece and Other Poems," editor of the University of Washington Press, and has lectured at Reed College, Oregon State College and University of Washington, where she has appeared on a number of occasions on the radio TV, reading her poems and discussing poetry.

Girl Scouts Set Up Library Book Display; Observe 50th Birthday

Girl Scouts of the Daly City-Colma area, who are this week observing the 50th anniversary of their birth, have set up an interesting display of Girl Scout books at the Daly City Library in Westlake. A few date back to 1929 and cover many subjects such as camping, song books, cooking, and arts and crafts.

Many of the Girl Scouts of the area will be seen in uniform this week and have planned special programs.

Special church services were performed for the Girl Scouts of the area on March 12, the day of the founding of Girl Scouting in our country.

There are over three million Girl Scouts across the nation. This area has approximately a thousand. Girls between 7 and 18 are welcome to join the scout program. District chairman is Mrs. Violette Brown, PL 5-3055.

DC EASTER EGG HUNT PLANNED FOR APRIL 1

The Daly City Recreation Department, the Jefferson Elementary School District, the James L. Snell PTA and the Hi-Fi Teen Club will co-sponsor Daly City's 14th Annual Easter Egg Hunt on April 1. This year there will be six egg hunt sites.

East of Junipero Serra Highway, the Easter Bunny will visit Colma School at Hillside and Market streets; George Washington School at Whittier and Lowell streets; and Marchbanks Park on Parkview street.

West of Junipero Serra Highway, Westlake Park, Westmoor High School and Garden Village School at 208 Garden Lane, will host the egg hunters. The egg hunt will begin promptly at 10:30 a.m. Saturday morning, April 1. There will be two hunt areas in each site—one for children eight years and under, and one for children five years and under. Silver eggs will entitle the finders to special prizes.

Don Gaspar de Portola and his soldiers were the first to glimpse San Francisco Bay from nearby hills on the South.

BETTY VINES and Laurie Anderson are working on their colorful mosaic. This panel will be the third panel completed at Colma K-6 School for a panel series of seven mosaics depicting all phases of the Social Studies program in the elementary grades. Betty and Laurie

are members of Mrs. McKenney's 3rd-4th grade class at Colma K-6 School. When completed the panel will be submitted as an art entry to the Daly City-Colma Lions' Youth Art Exhibit. Each school in the Jefferson Elementary School District will be represented in

the show by art work our students have learned in their classes through experience in many art crafts and pictorial forms. The dates of the Art Exhibit will be April 13-16 and it will be held in the Community Memorial Building, Mission street, Daly City.

University Women Give Support To LSUS School Board Incumbent

The Pacific Branch of American Assn. of University Women voted at a recent membership meeting to give wholehearted endorsement to Ruth Boudinot, present trustee of Laguna Salada Union School District and candidate for re-election on April 18.

Mrs. Boudinot was appointed trustee in July, 1959 to fill a vacancy on the board. She has directed her energies toward trying to bring awareness of the operations of the school district to the people of the community.

Mrs. Boudinot, after early schooling in Connecticut, obtained a B.A. degree in Psychology at Swarthmore College in Pennsylvania, and spent four years in Washington, D. C. as an economic analyst in the Office of the Quartermaster General and later with National Research Council. Following her marriage to Lt. Col. Henry Boudinot, she spent two and a half years in London, England, moving from there to Pacifica six years ago.

The Boudinots live at 363

Bancroft Way with three sons in Laguna Salada schools and a daughter entering kindergarten in September. Mrs. Boudinot's community activities have included two years as secretary to Cub Scout Pack 74, membership in Sharp Park, Pacific Heights and Pacific Manor PTAs and corresponding secretary for the last; participation in AAUW, serving as international relations chairman for a year. A charter member of the Unitarian Fellowship of Pacifica, she has spent a year as treasurer and serves this year as chairman of the program committee. She has also participated actively in the San Mateo County School Boards Assn.

YWCA Trimnastic Classes Meet At Westmoor High

Now is the time to trim off those extra pounds and added bulges acquired over the winter months. Bathing suit time is just around the corner and the YWCA of North San Mateo County has the formula that can put more fun into every woman's life. The trimnastics and golf classes offered by the Y present a balanced program of exercises geared to every woman's own ability.

Trimnastics meet Monday nights from 8 to 9 at the Westmoor High School Mat Room off the gym. A Wednesday morning class from 10 to 11 meets at the War Memorial Building gym on Mission Street, Daly City.

Instruction in grip, stance, woods, irons, and development of swing is the order of the day for the golf class meeting at the Colma Range on Tuesdays from 10 a.m. on to the 8 p.m. evening lesson. There are classes for the beginner, intermediate, and advanced golfer. For any further information phone the Y office at PL 6-7370.

Richard B. Murphy Serves Operation

Richard B. Murphy, seaman, USN, son of Chief B. E. Murphy, retired, of 555 Talbot avenue, Pacifica, is participating in Operation "Handclasp" while serving aboard the dock landing ship USS Oak Hill, operating with the Seventh Fleet in the Western Pacific.

"Handclasp" is a relief operation for the distribution of clothing, food and toys to needy people in the nations of the Far East. All units of the Seventh Fleet are taking part in the program.

A crew member of Utility Landing Craft 1495, he is temporarily embarked aboard the Oak Hill to participate in the operation.

SOUTH SAN FRANCISCO and United California Bank officials gathered for the official ribbon-cutting ceremony as the bank opened its first new Northern District office at South San Francisco. The office is located at the corner of Linden and Baden avenues. Participating in the ceremony were (l to r): Senior Vice President H. O. Johnson, San Francisco head-

quarters; Arthur Rodondi, South San Francisco City Clerk; Vice President J. M. Palframan, San Francisco Hq.; Eugene Aiello, South San Francisco City Manager; South San Francisco Mayor Andrew Rocca; Assistant Vice President and Manager, William S. MacDiarmid, South San Francisco office; Francis S. Baer, chairman of the board, San Francisco;

Assistant Manager Joseph W. Kotter, South San Francisco office; Senior Vice President E. Herriek Low, San Francisco Hq.; and Vice President W. T. Harrison, San Francisco Hq. Over 600 visitors toured the new bank and inspected its modern banking facilities on opening day. They were handed souvenirs. Sandwiches, coffee and punch were served throughout the day.

Seacliff Society Plan Discussions

A panel will serve to lead the thinking of the Seaciff Women's Society of World Service in the culmination of three months of study devoted to the subject, "Into All the World Together," on Monday evening at 8 o'clock in the parlor of Seaciff Community Church, 50 Northridge Drive.

Mrs. Jeanne Robb will discuss the question, "Why Do We Go Forth?"; Mrs. Elsie Garrison, "Where Are We?"; and Mrs. Sue Beiderman, "Where Are We Going?" Following the panel the meeting will be divided into "buzz" sessions to consider specific problems.

Hostesses for the evening will be Mrs. Joyce Adams and Mrs. Helen Dilbeck. Following the discussion program, a brief business meeting will be held during which officers for the coming year will be elected. All interested women of the community are invited to attend.

Life Members Told At W'moor

Eight Westmoor students are now assured of having the California Scholastic Federation seal embossed on their high school diploma, to signify life membership in the organization.

Pat Hunter, Penny Tweedie, Dennis Vignen, and Tom Graul have become C.S.F. life members. Other new seal-bearers are Margie MacDonald, Walt Prouty, Carol Miller and Gerry Podesta.

Four more Westmoor seniors will be eligible for life membership if they qualify next semester. They are Ron Townsend, Mike Kane, Chuck Greninger, and Dennis Stillway.

To become a sealbearer in S.S.F. the student must be a member of the group for four of their last six semesters in school, including at least one in his senior year.

Sealbearers gain a definite advantage in seeking college admittance, in addition to special scholarships.

DONORS MAY GIVE TO CANCER DRIVE; NOT GIVE NAMES

If there are any persons who wish to contribute anonymously to the American Cancer Society drive now going on, they can simply deposit directly into Account No. 772 of the Westlake branch of the Bank of America, according to Mrs. Edward Goldkuhl, Westlake chairman.

All a donor has to do is to go to that bank branch, and tell the teller you wish to make a contribution to the cancer drive and he will enter the donated amount into the account. Donations may be of any amount, Mrs. Goldkuhl said.

Already she has received one such donation in the account. Such donations, she said, are most welcomed and appreciated.

Donations Help Organization In Plans For Tour

An 8,000 mile trip from Alaska to Panama this summer by the Pan American Educational Study Group came, at least, two steps closer recently with a contribution of \$125 from the Benjamin Franklin School, and donation of six motor scooters by Cushman Motors in Lincoln, Neb.

The group consists of five teachers from Benjamin Franklin School, whose purpose for taking the trip is to exchange educational and cultural views. Taking the trip by Super Eagle motor scooter will be Paris B. Simmons, Carl Hunter, Robert Daugherty, Frank Rameriz and Eldon Rowe.

They anticipate leaving Daly City about June 1 and returning about September 1. They will fly to Fairbanks, Alaska, where from there they will "scooter" their way south of the border.

Itinerary includes parts of Alaska, Washington, California, Arizona, Mexico, Guatemala, El Salvador, Costa Rica and Panama.

The group at present is in the process of raising money to help finance the goodwill tour.

Magnolia "stellata," the star magnolia, is a native of Japan and common in the woods around the base of Mt. Fuji-yama.

DAYLILIES ARE TRIED & TRUE PROVIDERS OF MISSING COLORS

Daylilies are not exactly glamour girls in the garden, but what they lack in individual beauty, they more than make up for in their overall mass of color. They are prolific in the trust sense of that word and no gardener who grows them will ever lack for a summer-long show to keep him happy.

During recent years, a regular cult of daylily enthusiasts has grown up across the country, and this alone should tip you off that they are worth looking into. This great following is due in part to the fact that daylilies hybridize easily and new varieties are ever being offered. But that's not the whole story; for to attract and hold a cult of devotees, a flower has to do more than multiply. Dandelions will do that, much.

The California Assn. of Nurserymen will confirm that daylilies do well in a wide range of climates. They are better in warm gardens where full sun is not too much. But they are

grown up and down the state—from fog belt to desert. In warm areas, they can have part shade, but in coastal gardens, full sun is better.

Daylilies should be fixtures of the summer border, where their narrow, strap-like leaves and lily blooms go well with marigolds and delphiniums. Their color range is not dissimilar to that of marigolds, with yellows, bronzes and magentas predominant. Pink and near pink shades are not unknown, however, and time will probably bring other colors of the rainbow into the fold.

Daylilies are quite resistant to drought, but normal watering—the same you would give other members of the border—is preferred. The ideal soil is that which has liberal amounts of manure worked into it before planting, and a manure mulch applied in late spring or early summer is beneficial. If you have a pool, try planting some daylilies at water's edge where the arching growth and bloom will create a lovely effect. This alone would be reason enough to make a pool if you lack one now.

Washington Forms Safety Patrol, Presents Program

At a general assembly held recently in the multi-use room of George Washington the following officers of Safety Patrol were introduced: Capt. Allen White, Lieutenants Bill Heisch and Lewis Bromfeldt, and Sergeant Gregory King, Barbara Lee and Gail Hicks.

Fred Schweikhardt congratulated the school on the contributions for Red Cross with a telegram from Veterans thanking the pupils for the candy bar valentines they made recently. Mrs. Margaret Clarke is the teacher in charge of Red Cross for the school.

Mrs. Margaret Clarke's fifth grade presented the main feature of the assembly with the following program: "Who Am I?", which featured:

Paul Revere; Russell Ronger; Reader, Tommy Salvador; Benjamin Franklin, Ronald Capaz; Reader, John Goodin; Martha Washington, Lynette Mudge; Reader, Patricia Pastras; Becky Boone, Becky Klassen; Reader, Beverly Poncia; Daniel Boone, Michael Heap; Florence Nightengale, Cheryl Echoes; Reader, Gerri Evans; Soldier, Larry Tober; Franklin D. Roosevelt, Morris Gannon; Reader, James McCaughy.

The class participated in the two dances—the minuet and "Bingo." Gerri Evans was master of ceremonies and Barbara Camozzi accompanied at the piano. Mrs. Violet Norsworthy's fifth grade assisted in the singing of "Riflemen of Bennington," "Daniel Boone," "Soldier, Soldier" and "Home on the Range."

Barbara Camozzi and Lynette Mudge played a piano duet, "Home on the Range."

Psi Epsilons Hold Meeting For Pledges

Psi Epsilon Chapter of Beta Sigma Phi held its model meeting recently for new pledges at the home of Mrs. William Furgeson, Jr. Mrs. Raymond McCormick, president, presided.

A puppet show was given by Mrs. Charles Jackson and Mrs. Franz Cox entitled, "A to Z in Beta Sigma Phi."

The cultural program for the evening was given by Mrs. C. M. Sheridan on pictures, who displayed several examples of the work of the world's greatest artists.

The next meeting will be at the home of Mrs. Cox, Tuesday, March 21, at 8:15 p.m. Plans will be made for the pledge and ritual of jewels dinner to be held later in the month.

Guests present included Mrs. Joseph Arnold and Mrs. James Glaus.

RIVERA PTA PLANS TUESDAY MEETING

The Fernando Rivera PTA will have an afternoon meeting on Tuesday, March 21 from 3:30 to 4:30 p.m., at the school.

"Ballad for Americans" will be presented by Mrs. Myrtis Goodwins' fifth grade class, under the direction of Mrs. Muriel Vent, music coordinator for the Jefferson Elementary School District.

Mrs. Flossie Hjelmsdals' fourth grade class will entertain with "Motions for Hawaiian Songs," and will furnish their own accompaniment on the auto-harp.

Nomination of officers will take place at this meeting.

Arrangements are being made to have supervisors for the children while the parents attend the meeting.

Consolidated School Bond Election and Apportionment Authorization Election Notice

Notice is hereby given to the qualified electors of BRISBANE School District of the County of SAN MATEO, State of California, that in accordance with law, a bond election and an apportionment authorization election will be held on TUESDAY, the 18th day of APRIL, 1961, in said District, between the hours of 7:00 o'clock A.M. and 7:00 o'clock P.M., during which period and between which hours the polls shall remain open, at which election there will be submitted, as Proposition No. 1, the question of issuing and selling bonds of said District to the amount of Three Hundred, Seventy-Five Thousand (\$375,000) Dollars, for the purpose of raising money for the following purposes:

- The purchasing of school lots.
- The building or purchasing of school buildings.
- The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- The repairing, restoring or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.
- The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature.
- The permanent improvement of the school grounds.
- The securing out of the projects authorized in Section 15811 of the Education Code, to-wit, the providing of sewers and drains adequate to treat and/or dispose of sewage and storm water on or away from each school property.

All of the foregoing purposes enumerated herein are hereby united and shall be voted upon as one single proposition. At said election there will also be submitted, as Proposition No. 2, the question of whether this Board shall be authorized to accept, expend and repay an apportionment in an amount not to exceed \$900,000.00 from the State of California under and subject to provisions of Chapter 10 of the Statutes of the Education Code of the State of California.

Said bonds proposed to be issued and sold shall bear interest at a rate of not exceeding five per cent per annum, payable annually for the first year the bonds have to run, and semi-annually thereafter. The number of years the whole or any part of the bonds are to run shall not exceed 25 years from the date of the bonds or the date of any series thereof. The bond election hereby called for and the same is hereby consolidated with the apportionment authorization election and with the election for governing board members hereby called within the territory effected by said consolidation, to-wit, said School District, and the election precinct polling place and voting booths shall be the same and only one form of ballot shall be used thereof which shall be in the form provided by the Governing Board of said District for use at said consolidated bond election and apportionment authorization election, on which shall be set forth the propositions hereby submitted to the qualified electors of said District. The election officers shall be the same for each election and the election shall be held in all respects as if there were only one election.

For the purpose of holding said election, the District shall be and it is hereby consolidated into one (1) Election Precinct numbered 1, as hereinafter described, and the persons hereinafter named as the qualified electors and qualified officers of Election Precinct are hereby appointed officers of election, as hereinafter designated, to serve in their respective Election Precincts, as hereinafter set forth, and the Officers of Election shall conduct said election and make returns thereof pursuant to law.

The voting precinct, polling place and election officers, duly designated and appointed are as follows:

ELECTION PRECINCT NO. 1 shall include all the area embraced in San Mateo County Election Precincts designated as Brisbane Precincts 1, 2, 3, 5, 6 and 7; and a portion of Brisbane 4; and portions of Bayview and Bayview Heights.

POLLING PLACE therein shall be at BRISBANE ELEMENTARY SCHOOL. Officers of Election for said Election Precinct:
AGNES WHITSON, Judge
ANNA MARTIN, Judge
EULAH THOMAS, Judge
GENEVA JOHNSON, Inspector

Each qualified elector of said District shall be entitled to vote only in the School District Election Precinct of which he is a resident. The governing board of the District shall meet on the seventh day after the election at its usual meeting place at 8:00 o'clock p.m. and publicly canvass the returns.

IN WITNESS WHEREOF, I have hereunto set our hands this 14th day of February, 1961.
Samuel M. Mirza
Allen B. Rigler
Ellen I. Bhend
Michael G. Nagy
Margaret M. Galten
Members of the Governing Board of said District.

RESOLUTION NO. 15951

BOARD OF SUPERVISORS, COUNTY OF SAN MATEO, STATE OF CALIFORNIA.

RESOLUTION DECLARING INTENTION TO ABANDON SEWER EASEMENT IN VICINITY OF BRISBANE

RESOLVED, by the Board of Supervisors of the County of San Mateo, State of California, that

WHEREAS, Crocker Land Company has requested that the hereinafter described sewer easement be abandoned; and

WHEREAS, it is the intention of this Board to hold a public hearing on the proposition of abandoning said sewer easement and to hear evidence offered by any party interested therein;

NOW, THEREFORE, IT IS HEREBY DETERMINED AND ORDERED as follows:

1. The public interest, convenience and necessity demand and it is the intention of this Board to abandon the following described sewer easement:

All that certain sewer easement entitled "Existing Sewer Easement" to be realigned within P.U.E. as said easement is indicated on Lot 2, Block A of the recorded map of Crocker Land Company, Unit No. 1 which map was filed for record on June 25, 1959 in Volume 51 of Maps of Pages 35 through 38 in the Office of the County Recorder of San Mateo County, California.

2. Tuesday, the 28th day of March, 1961, at 10:00 o'clock A.M. is hereby designated as the time when a hearing will be held at the Hall of Justice and Records, Redwood City, California, in the Chambers of this Board, at which time and place all evidence offered by any party interested in said proposed abandonment will be heard and considered.

3. The Clerk of this Board is directed to give notice of said hearing by having a copy of this resolution published in the Daily Record, a newspaper of general circulation published in the County of San Mateo, for two successive weeks prior to said hearing, and to have a copy thereof posted in the sewer easement proposed to be abandoned. Affidavit of such publication and posting shall be obtained and placed on file.

Regularly passed and adopted this 7th day of March, 1961. Ayes and in favor of said resolution:

Supervisors:
JAMES V. FITZGERALD
T. LOUIS CHESSE

CITY COUNCIL GETS NOTE OF THANKS

The Daly City City Council has received one of the rare letters of commendation sent to it during any month of any year.

It comes from the Daly City Garden Club in compliment for the palm trees planted recently along Mission Street.

The letter reads as follows: "The members of the Daly City Garden Club want to commend you and the entire Daly City Council for the beautification of Mission Street.

"These fine large palms make Mission street look what it actually is—an important street in our city."

Congregation Judea To Observe Installation Services At Temple

This Friday evening at 8:30 p.m., at the Congregation Judea Temple House, 95 South Mayfair avenue in Westlake, installation services for newly elected board members of a consecration of the board of trustees will take place. Rabbi Robert W. Shapiro will speak on the subject, "The Temple, The Rabbi, and The Board."

Officers to be installed are: Max Rudorfer, president; Fred Gruen, first vice president; Hilgard Goldstein, second vice president; Ralph Bardoff, treasurer. Newly elected board members are: Mrs. Arnold Goldstein, Alfred Belotz, Harold Goldstein, and Dr. George Riba.

Board of trustees to be consecrated: Jerome Berg, Anthony Bressman, Mervin Coleman, Mrs. Clifford Glicksman, Mrs. Frank Langfelder, Harold Skootsky, Joseph Spiegelman, and Mrs. Charles Wine.

The Men's Club of Temple Judea will present the film, "Memo To Eichmann" as part of its general meeting to take place Wednesday, March 29, 8 p.m. at the Temple House.

The JOY Youth Group of Temple Judea announces that on Saturday, March 25, a Theater Party to see the film "Exodus" is being planned. On Monday, March 27, 8 p.m. at the Temple House in Westlake, Reverend Equichi, Buddhist minister, will speak to the group on "What a Buddhist Believes."

On Sunday, March 26, commencing at 10 a.m., Congregation Judea Religious School will conduct demonstration Passover Seders for each class, pre-kindergarten through post-confirmation, at the Westlake Elementary School, Lake Vista and Fieldcrest avenues. Rabbi Robert Shapiro and Cantor Harold Wachter will officiate at the demonstration seder and in addition, classrooms seders will be conducted by the teachers and children of the Religious School.

Mrs. Bobby Cohn, Chairman of Room Mothers, is in charge of the special arrangements for the observance of Passover for the entire school. These model

seders, conducted in the Religious School, are directed toward the purpose of preparing the children for the observances of their own home seders with their family, sharing together in the celebration of this festival of freedom.

Congregation Judea announces that reservations are now being taken for its Annual Passover Seder Dinner, to be held at the Concordia Argonaut Club, Van Ness avenue at Post street, San Francisco, on the second night of Passover, April 1st, 6 p.m. Rabbi Robert Shapiro and Cantor Harold Wachter will officiate at the Passover rituals. A traditional Passover dinner will be served. All who are interested in attending are urged to make reservations rapidly as space is limited. The prices are \$6.75 per adult; \$3.50 per child under 13 years of age. For further information and reservations, phone Mrs. Arnold Belotz, LO 4-0492, Mrs. Clifford Glicksman, PL 6-3266, or the Temple Judea Office, PL 5-6362.

Hope Youth Plan Weekend Retreat

Approximately 30 young people from the Walther League, Youth organization of Hope Lutheran Church, 55 San Fernando Way, in St. Francis Heights, will leave from the church next Friday afternoon for a weekend retreat at Zephyr Cove, Nevada, on the shores of Lake Tahoe.

The officers of the groups are: Bruce Wilson, president; Alice Tucker, secretary; Sandy Jones, vice president; and Barbara Dirickson, treasurer. The weekend program will include the following five phases: worship, recreation, fellowship, service and education.

Attending with the group will be the Pastor, the Rev. Louis C. Marting, and the youth counselor, Richard Sorensen.

The youth will conduct their own worship service early Sunday morning, and have planned the various activities and will participate in the topic discussion, program planning, and as leaders in the recreation program. One of the objectives of this weekend will be to plan their program for the remainder of the year.

B'nai B'rith Girls Will Perform Skit

A skit entitled "The Case of the Missing Member" will be presented by Skylette B'nai B'rith Girls at the regular meeting of Skyline Chapter B'nai B'rith Women on Tuesday, March 21, 8 p.m., Lake Merced Sports Center.

In opening the program, 20 B'nai B'rith girls will join in the Friendship Circle singing various songs.

Creativity chairman is Marsha Wilson and Singing chairman is Jan Monson. Advisor for the group is Mrs. Norman Steinberg.

Of utmost importance in the business of the meeting will be the nominations of officers for the new term.

Refreshments will be served. Members and friends are invited.

JOINT floor chairmen for "Fantasy Daze," Frank Kelchava and Mrs. Albert Bucci, (right) general chairman for the Westlake Festival, which will run from April 27 through April 30.

Hope Lutheran Pre-Easter Work In Full Progress

In preparation for the Festival of Easter, the administration department of Hope Lutheran Church has planned several days of activities in order to improve the church and its property. A work day was held on Saturday, March 4, to which 30 members of the congregation responded. Max Duncan, chairman of the group, expected the landscaping and interior matter pertaining to the church to be in much better condition before Holy Week Services.

Hope continues to conduct Midweek Vespers services during Lent on Wednesday evenings at 7:30 p.m. During Holy Week, a Service of Holy Communion will be held on Thursday, March 30, at 7:30 p.m.

Good Friday will be observed March 31 with the noonday service at 1 p.m. and the traditional Tenebrae service, conducted in darkness, on that day at 8 p.m. The three choirs of the church will combine their efforts on that evening and present, in connection with the service, appropriate Lenten music.

Services are held regularly at the church every Sunday at 8:30 and 11 a.m. The church is located on 55 San Fernando Way, St. Francis Heights, just west of Junipero Serra boulevard. The Rev. Louis C. Marting is pastor.

OUT OF GAS

Running out of gas when driving on a freeway may cause you considerable inconvenience and expose you to the dangers of fast moving traffic. Check your fuel gauge regularly, reminds the California State Automobile Association, and avoid this unnecessary nuisance.

The Nationwide test of the Salk polio vaccine began in April 1954.

'Night For Fun' To Be Presented By Westmoor-Terra Nova PTA's

"A Night for Fun" will be a show of student talent on the Westmoor-Terra Nova High Schools PTAs' program, Thursday at the Westmoor High School, Little Theater, at 8 p.m., according to Mrs. Benjamin Pulsifer, program chairman.

Announcing the head-liners for the talent show will be Mistress-of-Ceremonies Roberta Michelson. Show billing is as follows: songstress, Diana Jensen accompanied by Margaret Guerrero; twirling team, Betty Cooper and Pamela Reid. Background music will be furnished by the Westmoor Orchestra.

An instrumental solo on the french horn will be played by Oliver Shank. Oliver received an "excellent rating" recently in competition at the Stanford Solo Ensemble Festival. Janice Ewert will be a featured vocalist and Sandra Finley will perform in an acrobat dance.

Aaron Manganiello, who received "superior rating" at Stanford Festival, will give an instrumental solo and James Skinner will narrate "Little BOP Riding Hood" accompanied by the Westmoor Orchestra under direction of Howard Loeffler.

The program was developed by the High Schools' music department aided by Miss Margaret Riggs, Dean of Girls.

Dinner Planned By Church Women

A roast beef dinner is being planned by members of the Women's Council, Grace Church, on Thursday, March 23, from 5:30 to 7 p.m. in the fellowship hall, Crocker and Winchester streets.

Cost of the dinner will be \$1.75 for adults and 75 cents for children.

Tickets may be obtained from members or by calling Mrs. Holcomb, JU 7-7134.

Catholic Guild Schedules Sale For March 18

Bargain hunters! The day is almost here! The event, Holy Angels' Women's Guild rummage sale—the date of the pre-sale—March 18—the time, 9 a.m. to 4:30 p.m.—the place, the parish hall at 107 San Pedro road in Colma.

These items at the pre-sale are all new, donated by both local and downtown San Francisco merchants and include not only bric-a-brac and small household items, but apparel for the whole family.

Mrs. S. Lockie, chairman of the sale and her co-chairmen, Mrs. D. Darragh and Mrs. R. Gordon, have done a fine job of gathering every conceivable kind of useable item for the sale and suggest you come early, as the best articles are sure to be sold first.

If you are unable to get to this pre-sale, there will still be many bargains left at the main sale which will be held March 22 at Larkin Hall, Civic Center, San Francisco, from 9:30 a.m. to 5:30 p.m. Anyone wishing to donate new or used rummage may bring it to the parish hall on Sunday mornings or call Mrs. Lockie, PL 5-0155, 60 Calver avenue, South San Francisco.

Museum Auxiliary Announces Dates For Show House

The San Mateo County Junior Museum Auxiliary is announcing its Fourth Annual Decorators' Show House will be shown April 23-May 14 from 11 a.m. to 4:30 p.m.

Long a Peninsula landmark, "La Dolphine," this year's house, is modeled after Marie Antoinette's retreat, Le Petit Trianon, in Versailles, France. It is located at 1761 Manor drive off Sharon drive in Hillsborough. The mansion is being made available to the Auxiliary by its present owners, Mr. and Mrs. William R. Wallace, and will be open to the public daily. Tickets available at the door are \$2 each. All proceeds going to the San Mateo County Junior Museum located at Coyote Point in the city of San Mateo.

In the past years, leading Bay Area interior decorators, 25 in all will completely redecorate and refurbish twenty rooms of the old mansion, displaying decor ranging from that of a child's nursery to an eighteenth century drawing room. All floors of the mansion will be decorated.

"La Dolphine," a formal French mansion was designed by Walter Hobart and built by George Newhall, Sr., for his bride in 1914. It is three storied, having 21 rooms, five master bedrooms, four marble lined baths and beautiful hand-carved marble fireplaces in principal rooms. Each bedroom has french doors opening to small balconies with grilles iron railings. Marble and hardwood floors predominate and a carved marble staircase with wrought-iron railings leads from the entrance hall to the second floors.

Rooms of interest are the cardroom, ballroom and entrance hall with marble floor steps leading up to the reception room with parquet floor. The house is surrounded by three and one-half acres of formal gardens in the French tradition. Among the especially attractive features are the hedge-bordered walks, rows of European sycamores, charming wall-enclosed garden, 90-foot swimming pool and a tennis court with an adjoining tennis house.

South City Youth Serving On Midway

Donald G. Whitney, airman, USN, son of Mr. and Mrs. R. Whitney, 576 Parkway, South San Francisco, is serving aboard the attack aircraft carrier USS Midway, operating with the Seventh Fleet in the Western Pacific.

During the seven-month cruise, the Midway is scheduled to visit Guan, Hong Kong, Okinawa, the Philippines and Pearl Harbor.

TV and Radio

RESPONSE TO 1961 EASTER SEAL DRIVE IS GRATIFYING TO JUDGE

Superior Judge J. A. Branson, chairman of the 1961 Easter Seal Drive now under way, declared that he was "highly gratified" with the tremendous response to the appeal of the San Mateo County Society for Crippled Children and Adults.

"Thousands of families have already sent in their contributions to this critically important drive to maintain operation of the Rehabilitation and Research Center at 1764 Marco Polo Way, Burlingame," Branson said, "And I urge every citizen to take the time as soon as possible to send his contribution, no matter how small or how large."

Branson reiterated that a high percentage of the funds collected are used right here in San Mateo County to give actual aid to the 13,178 handicapped persons residing here.

"You can visit the Center and see people who have suffered from strokes learning to walk and talk again, and you can see

little children with birth defects developing their skills so that they can become useful citizens," Branson pointed out.

"Another outstanding feature of the Easter Seal Sale is the fact that there is no high-pressure sales pitch at the door of your home," he said, "the need is so great to help these people that the response comes quietly in your own home or office with each family giving what their conscience tells them is right."

Sponsors of the Easter Seal drive in the Daly City area are: Alfred O. Belotz, Art Colvin, Thomas L. Lewis, D.D.S., Edward Morgan, Jack A. Hurt and U. R. Kendree; in Pacifica: Julian D. Cohn, Harold Feyge, Albert V. Haven and John J. M. McCoy.

Lutherans Hold Lenten Services; Tell Easter Plans

Two more speakers remain in the special series "Lenten Lessons by Lutheran Laymen" at the Westlake Lutheran Church, 222 Avalon drive. The two remaining speakers are Harris Burke and Howard Garden. These Wednesday evening services are held at 7:30 p.m.

With the season of Lent drawing to a close and Holy Week approaching, several special events are being planned at Westlake Lutheran. On March 27, a group of Lutheran young people will arrive from Pasadena for a special visitation in this community in behalf of Westlake Lutheran, a young mission congregation.

These high school students will be giving of their vacation time to make these calls in behalf of the church. The purpose is to locate "unattached" Lutherans, as well as to invite the unchurched to make use of the worship services of the church.

Westlake's young people, headed by Dave Wick, will serve as hosts to the visitors from Pasadena.

On Easter Sunday, there will be a sunrise service at 6 a.m., in addition to the other services at 9 a.m. and 11 a.m.

Bar Mitzva Service Set At B'nai Israel

Congregation B'nai Israel will hold a Bar Mitzva service Friday evening at 7 p.m.

The pulpit will be shared by both Rabbi Solomon A. Shorr and Jerry Weiner, who will observe his 13th birthday.

Saturday morning, a special Bar Mitzva service will take place at which time Jerry will be called upon to chant the traditional portion of the Bible.

Kiddush will be said in honor of Jerry at the conclusion of both sabbath services.

Recently Rabbi Shorr has officiated at several such services outside of his own pulpit, which were held at Petaluma Jewish Center, and temples in San Francisco and Pacifica for the newly organized Jewish community group.

Sunday school will start at 10 a.m. with a short assembly preceding individual classes. Instruction on the Passover holiday will begin.

Westmoor Baseballers Beaten By Menlo 4-3

In their second game of the season, Westmoor High's varsity baseballers met defeat at the hands of Menlo-Atherton, by a score of 4 to 3.

The game, played on the winner's field, saw a total of 9 errors committed; with 6 of the misuses made by the Rams. Westmoor's loss can be attributed to the fact that their errors afield accounted for three unearned runs for the Menlo-Atherton Bears.

In the first inning, the Rams grabbed a quick two-run lead. Lead-off batter Bill Hix singled and stole second. The scrappy third baseman advanced to third when Steve Funai got one via an error by the Bears' first baseman. Left-handed Terry Christman collected his first RBI of the year by lining a single to right, which also sent Funai to third.

Westmoor's cleanup man, Barry Krohn, laid down a bunt but Menlo-Atherton recovered the ball in time to catch Funai, coming in from third, in a rundown. Funai was tagged out after Christman had advanced to third, and Krohn to second. Christman then scored on a wild pitch. A few seconds later Krohn was tagged out trying to duplicate this feat.

Menlo-Atherton narrowed the Rams' lead in the second inning by picking up a run off the Rams' starting hurler, Doug Eastman. The lone tally was gained on a free pass, an error by Eastman, and a fielder's choice.

Two innings later, Eastman

gave up a pair of runs. Menlo-Atherton's fourth base on balls, and an error by Steve Payette, put Menlo-Atherton runners on first and second with no outs; with the top of the line-up coming to bat.

The Bears' Lee Bockingham singled deep to the right, but the runner from second was cut down on Ron Townsend's relay of Mike Daniel's long throw to the plate. It looked as if Eastman was well on his way out of trouble when he struck out the next batter. But shortstop Dave Partemi, with runners on second and third, two outs, smashed a two run single to left, giving the Bears a 3 to 2 lead.

Westmoor tied the score in the fifth. Bill Hix started the Rams' second rally by walking, and was advanced to second on Steve Funai's bunt single. A fielder's choice moved Hix to third. Steve Payette then singled to left, bringing the tying run in.

Cornell Holmes, who was the winning pitcher, in the Rams' first contest, took the mound in the fifth inning. The Bears scored the winning run off Holmes, who was a victim of 2 Westmoor misuses. After singling between second and first, Menlo-Atherton's Bo Wallace scored the winning run with the aid of errors by Holmes, and third baseman Payette.

The hilltoppers were playing without the services of shortstop Rich Morales, and centerfielder Scott Shackelford, both of whom were out with the flu.

Jeff Defeats Galileo High In 1st Game

Mike Kennedy stole the spotlight last Friday as Jefferson beat Galileo High School 8-5 on the Jeff diamond.

Short stop Mike with a single and double knocked in 4 of Jeff's 8 runs and was a key factor in two double plays.

He was heralded as the outstanding player of the game and lauded for his outstanding defensive game.

Runs and hits tallied by each team were as follows: Jefferson: Rovi, 0 runs 0 hits; Claus, 0-0; Stoller, 1-1; T. Montalbo, 1-1; Furtess, 2-1; Souza, 2-1; Cacicedo, 0-0; Kennedy, 2-2; S. Montalbo, 0-1; Miller, 0-1; McAntee, 0-0; and With, 0-0.

Galileo—Barni, 0-0; Loskutoff, 2-1; Williams, 1-0; Busanick, 1-1; Bellanca, 0-0; Wooley, 0-0; McCleod, 0-0; Patterson, 0-0; Bina, 0-0; Gerald, 0-0; Fernandez, 0-0; Sakamoto, 0-0; and Venicello, 1-0.

S. Montalbo was the winning pitcher in four innings, allowing only one hit and no runs. This was Jeff's first practice game of the season, others having been rained out.

Jeff played Santa Rosa High Tuesday, there, Poly High today at Jeff, and Foothills High Friday at Mountain View.

THERE'll be plenty of Tape displayed at the forthcoming Home and Hi-Fi Show at San Francisco's Cow Palace, March 15-19, but none as prettily as the "two piece suit of Tape" being worn by sultry Judy Sayres. The question has been asked whether this particular Tape is two track or four track; we wouldn't really know except to comment that, in this case, the Tape "is on the right track!"

Lady Of Mercy 8th Grade Team Dubbed Champs

The eighth grade basketball team from Our Lady of Mercy won the championship of the Jefferson Elementary School District last week under the leadership of Coach Bud Nelson.

Teams from Colma, Taylor, Parkside, and Benjamin Franklin also participated in the league.

In the game that decided the championship, Our Lady of Mercy defeated Benjamin Franklin by a score of 3 to 18. Ken Torre was high scorer for the winners with a total of 18 points while Thompson scored 5 and Andrade, Waite and Williams each had 4 points for Benjamin Franklin.

Ken Torre has averaged 16 points in each of the league games and has been the mainstay of the local parochial schools offense. He has, however, had good assistance from the determined rebounding and defensive play of George Tracy.

Tim Reiterman and Bob Bucci and the fine ball handling of Ron Belli. Dave Pigott was second high scorer with 6 points.

Tryouts For Giants Ready For Saturday

Tryouts will be held for the PAL Giants baseball team Saturday at 1 p.m. in Colma Park for boys 8 to 12 years of age, according to Les Bastedo, in charge of recreation for the PAL organization here.

The Giants are the local entry in the midjet league.

HERE are members of the Our Lady of Mercy Eighth Grade basketball championship team of the Jefferson Elementary School District league. Front row, left to right: Coach Bud

Nelson, Bob Bucci, Ron Belli, Dave Pigott, Ken Torre, George Tracy, Tim Reiterman; rear row, left to right: Jim Nash, Mike Kelechava, John Wells, Jerry Beltramo, Steve Wilson and Paul King.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

The height of determination was exhibited at last week's instruction class. Florence Vasser, who bowled right-handed before developing a calcium deposit on her right shoulder, joined the class and made remarkable progress — as a left-handed bowler.

Randy Wilcox, a sixteen year old junior from Rioran High School, shattered the pins with a 704 total in a doubles match last week when he rolled games of 222-255-227. No question of who is the "Bowling King of the Campus" there.

The Evening Stars bowlers saw an exhibition of converting spares that was better than the television program when Dottie Burns put away the extremely difficult 7-8-10 split.

Jerry Botoano of the 99's League shot a new league high last week as he had a 633 total for the evening.

There is no relationship between averages and scores lately. Larry Kennedy of Kennedy Electric team with a 142 average bowled games of 198-195 and 227 for a terrific 620 total.

Sunday night at the Bowl has become the social bowling night of the week since the start of the Satellite Scotch Doubles. The novelty of bowling without lights has captured the interest of many bowlers of the area. The weekly features have added to the interest to the point that it has become necessary to limit the number of entries. Next Sunday night will be "Hawaiian Night" featuring the Kele Lani Troupe with hula dancing and instruction.

The first Powder Puff Derby for March was won by Ruby Nilan of the Holy Rollers league with a 621 total including her handicap while Tee Rolling shot a 220 game to capture the high prize. Kay Cocoran bowled 65 pins over her average to take

Book Review Club To Feature Books On Religion Topic

In observance of Easter, the Thursday Matinee Book Review will feature nondenominational religious books as reviewed by James R. Bishop who is at present attending the Episcopal Theological Seminary in Berkeley. Presented jointly by Friends of the Library and the Westlake YWCA, the Review will be held March 23 at the Westlake Bowl, from 10 a.m. until 11:30 a.m.

Among the books to be reviewed by Bishop will be "Worship" by Evelyn Underhill, which discusses the meaning of worship, its historical development and characteristics of contemporary practice in all major Christian groups.

He will also review "Ye Are the Body," by Bonnell Spencer, an excellent easy-reading reference to the history of the Christian Church, designed for the laity particularly.

Before attending the seminary in Berkeley, known as the Church Divinity School of the Pacific, Bishop had a successful career as a professional engineer, engaged in research, sales and management in the heat transmission equipment industry.

As is the policy of both Friends of the Library and the YWCA, the Thursday Matinee Book Review is open to all who are interested. Coffee will be served, courtesy of the Westlake Bowl and baby sitting service will be available.

TERRA NOVA HI CAGERS DOWN SOUTH CITY 37-30

Terra Nova outthrust South City's JV's to a 37-30 victory last Friday, ending a relatively triumphant season.

Close all the way—there was never more than a two point difference throughout as the teams left at half knotted 16-26—the contest was resolved in the last few minutes when Terra Nova's tenacious defensive tactics forced South City into several costly ball handling errors.

Manuel Pick, who was later voted by his teammates as Player of the Year, led scorers with 13 points and played his usual good all around game. John Kelly, who was, ironically, voted Defensive Player of the Year, followed Pick in scoring with 10 markers.

Pick ended the season as leader in every defensive department with the exception of

free throw percentage (a reserve, Bud Bresnahan, took this honor), as he averaged 9.8 points per game, was second leading rebounder, and best defensive player on the squad. He was also something stat sheets fail to show—a consistent player and a team leader.

Kelly, mainly by dint of an early season hot streak, was second leading scorer, averaging 8.7.

In addition to Pick and Kelly, Fred Mason and Dennis Caruthers were also honored by teammates, as Top Rebounder and Most Improved Player, respectively. All boys honored, with the exception of Kelly, a junior, were sophomores.

As a team, the Tigers compiled a 6-14 win-loss record, bouncing back after dropping their first nine. Their best winning string extended to three.

Boat Development At Coyote Pt. Described By Shaw Of SM Parks

Director Ralph Shaw of the San Mateo County Parks and Recreation Department reports under development at Coyote Point Yacht Harbor an 800-foot night and day marked channel, a three lane small boat launching ramp, ample parking for boat trailers, 30 new berths for small boats and landing facilities for boats using the harbor for boating services.

The County, with the cooperation of the Ideal Cement Co. and the United States Coast Guard, has developed the marked channel extending from Coyote Point Yacht Harbor into the Bay. The piling has been driven and is being night illuminated, according to Coast Guard standards.

The boat launching ramp's three lanes will be set up for two launching and one hauling out at the start of the boating day and for two hauling out and one launching at the end of the day.

Ample parking area for cars and boat trailers is being completed to meet the increase in small boating recreationalists in the county.

Landing facilities for small craft to tie up for refueling, refreshments and other services are being developed, providing ample landing room with direct access to the bay.

All the developments are projected by the Berns developed previously as part of the greater harbor development plan

which is part of the five-year master plan.

"Through advance planning we are seeking to meet the increase in demands for small boating facilities as our population increases in the county and as the leisure time of our citizens increase," Shaw said.

"Old 28" To Head Railfan Special Sun., March 26

A steam engine will ride the rails again on Sunday March 26 when Sierra Railroad's "Old 28" will head a railfan special between Oakdale and Toulumne for the Northern California Railroad Club.

The trip will try to relieve and photograph the "Golden Age of Railroad" when steam was king. The day-long jaunt will visit the Mother Lode during the early spring bloom of California's wild flowers.

Special busses will be operated from San Francisco and Oakland to bring excursionist to the train at Oakdale while others are expected to drive to transide. The public is invited to join the trip. Information can be secured from F. A. Gnido, P.O. Box 668, San Mateo.

WESTMOOR SCORES FIFTH LEAGUE WIN 73-59 AS KROHN TALLIES 18

In a wild scoring fourth quarter, Westmoor shot often and accurately to post their fifth league win, 73-59 over Mills.

Battle started slowly with neither team hitting any kind of a percentage, and at the end of the first quarter the score was tied 13 all. Westmoor could hit only 5 out of 21 shots.

Mills hit a cold streak in the second period and Westmoor pulled into a 30-23 halftime lead. Rams, who were popping

from the outside, hit about 39 per cent and controlled the game pace.

Third quarter saw Mills put on a rush and cut the score to 46-43. Rams kept up their high scoring tactics by garnering 16 points. Dan McNulty was Mills' big gun in the third period with several long set shots.

Rams completely controlled the backboard in the fourth quarter and ran up 27 points to bring their total to 73. Mills had 16 for their 59 point total.

Mills' Dan McNulty was game high scorer with 22. Barry Krohn led the Rams with 18, followed by Gary Allard's 15, Ron Schafer's 14, and Terry Christman's 13. Mike Daniels hit 9. Jim Lucke had 2 as did Jim Kennedy.

Rams controlled backboards with Gary Allard's 16 rebounds being the big part of it.

Track Men Meet In Workout

Westmoor's Ram trackmen met the Padres of Serra for the Rams second practice meet of the '61 track season on Friday. A strong Padre team captured eight of thirteen first places and tied for another to win 66-47.

While taking only four and a half "blue ribbons" the Westmoor team failed to take at least second in only two events, the mile and the shot put.

Scoring one of the Ram firsts was junior, Dennis Chase, who pole vaulted to 11 feet 10 inches. Another first place was taken by Tom Duke in the 180 yard low hurdles. Tom also took a second in the broad jump.

Other "blue ribbons" were taken by Jim Serenham, 880; the Westmoor relay team; and Jim Lucke, who tied for first in the high jump.

Although he took no firsts Pete DeGarmo added to Westmoor's point total by taking seconds in the 100 yard dash and the 220.

Rams Victorious With 17-4 Win

The first victory for the Westmoor Rams was scored recently in the Pacific League golf tournament as they swept over the Hillside Knights by a score of 17-4.

Surprising Westmoor's two men, the Rams' fifth man, Jim Fair, chalked up low score for the day. Jim shot a 78, followed by Mike Seeling with a 79. Low man for Hillside was Tom Brigham with an 82.

The Rams for the last two years have been co-champions with San Mateo and Burlingame, and have high hopes for an unshared championship this year.

Brownie Troop Holds Dinner With Fathers

A father-daughter dinner dance was held recently by Brownie Troop 594 at the Copper Wood Lodge in Colma.

Following a lavish dinner, the girls and their father danced to a three-piece orchestra composed of three of the girls' fathers.

Fourth Graders Visit Planetarium, Fishes

Mrs. Betty DeBolt's Fourth Grade recently visited the Morrison Planetarium. The romantic story of the Constellations and their place in the sky was vividly seen and heard. They got just a glimpse of space and time by studying the stars.

Then the class circled through the Aquarium which always has new additions to be admired.

Lunch was fun under the trees in front of the bandstand.

In the afternoon they saw the Children's Art Exhibit in De Young's Museum. They were inspired for art work and more reading in astronomy after their return to school.

Bike Inspection Set For Kids Saturday

The annual inspection and registration of bikes for Daly City boys and girls will again be held at George Washington Elementary School on Saturday, March 18, from 10:30 a.m. until 1 p.m.

Sponsored by Cub Pack 62, the inspection and registration of bicycles will be conducted by Sgt. Henry Sundermann of the Daly City Police Department.

Cubmaster Harold Jones urged that both boys and girls bring their bikes for safety checks and new licenses. Last year, he said, more than 100 bikes were inspected but almost all of them belonged to boys.

"I want to make it clear this year that this inspection is for girls as well as boys," Jones said. "I don't think this was clearly understood last time."

Principals from the various elementary and secondary

schools will be on hand to supervise the affair, Jones said.

Inspection for safety does not make it necessary to register a bike that same day. Jones said, adding that he felt, however, that most boys and girls will automatically want to properly license their bikes.

As an added incentive, he said, free ice cream bars will be given to all the kids attending.

He added that the inspection and registration would continue until all children attending Catechism classes had ample opportunity to get from class to the George Washington school.

In conjunction with the registration and safety inspection, a bike Road-E-O will be staged for the benefit of all children participating in the free service, Jones added.

Rules and Regulations on GARBAGE COLLECTIONS

Weekly maximum allowances on monthly rate: One can ONLY — maximum 40 gallons.

- Small wooden box, approximately 2 cubic feet for grass cuttings—no dirt or rocks in can or box.
- Weekly newspapers tied in bundle next to can.
- Flatten out all cardboard boxes and tie them securely with heavy cord, place beside can.
- Remember to put can out the night before, next to the curb.
